# *BSU Green Ambassadors*

## *What is a Green Ambassador?*

We are BSU student volunteer leaders dedicated to helping preserve our campus and planet by committing to motivate others on campus and in the community to become more energy efficient, less wasteful and adopt environmentally-friendly lifestyles. They

We help make decisions regarding environmental sustainability for the entire campus.

# *What qualities make a good Green Ambassador?*

---

Friendly, engaging and responsive

```
graph TD; A[Friendly, engaging and responsive] --> B[Organized and proactive]; B --> C[Passionate about preserving our natural environment]; C --> D[Leadership]; D --> E[Easily accessible through email, phone, person-to-person contact, or social media tools];
```

Organized and proactive

Passionate about preserving our natural environment

Leadership

Easily accessible through email, phone, person-to-person contact, or social media tools

STATE UNIVERSITY  
GREEN AMBASSADORS  
— 1865 —

*What are some  
of the things  
Green  
Ambassadors  
do?*

---

*Assist with set up  
and promotion of  
events and other  
activities as  
needed*

---

# *Campus or local clean ups and planting events*

*Help make decisions on sustainable purchases for students on campus*

---

*Speak to other campus groups and committees about our goals and activities*

Black Girls Vote

NCNW

## *What responsibilities would I have as a Green Ambassador?*

- Attend once-a-month meetings
- Be available for most sustainability related activities and projects on campus. Five mandatory.
- Be informed about climate change, sustainability and familiar with the BSU Climate Action Plan
- Lead, host, or participate in panels, conferences, symposiums or events
- Serve as the face of Bowie State to outside groups that collaborate with C4 or BSU Sustainability programs

## *What are the perks & benefits?*

- Excellent resume builder
- Development of vital leadership and business skills such as presenting and networking
- Help make decisions on behalf of your fellow students on campus-wide sustainability projects
- Community service credit hours (discretionary)
- Possible travel opportunities
- Occasional free giveaways
- Opportunity to represent BSU on different platforms on and off campus

## Additional Summer Internship Opportunities

Good Afternoon Danyelle,

I am seeking resumes from talented current HBCU students who are interested in environmental work and renewable energy for paid opportunities this summer with the NAACP Maryland State Conference. Do you know of any students currently that fit that description?

Best,

...
