# Adobe Women in Technology Scholarship

Win $10,000 toward tuition, 1-year subscription to Adobe Creative Cloud, and an opportunity to interview for an internship.

Here at Adobe Research we create innovative technologies for our software products to better serve consumers, creative professionals, developers, and enterprises. We bring together the smartest, most driven people we can find, and we give them the freedom to nurture their intellectual curiosity, while providing them the necessary resources and support to shape their ideas into tangible results. One part of creating the best products is bringing a diverse group of people together. To bring more gender diversity to the technology industry, we are pleased to invite applications to the Adobe Research Women-in-Technology Scholarship.

The Adobe Research Women-in-Technology Scholarship recognizes outstanding female undergraduate and master's students studying artificial intelligence/machine learning, data science, computer science or mobile/web development at North American universities (including Canada and Mexico).
