

The FBI's Role in the Cyber Threat Landscape

*Department of Computer Science
and The students from Charles Flowers and DCPS*

DATE:
OCTOBER 28TH
Time: 09:00 A.M to 1:30 P.M
Venue- Martin Luther King Communication
Arts Center, Myers Auditorium

FBI will present what an FBI cyber squad looks like as well as techniques and resources the FBI can use during incident response to a victim entity. Also, they will present and discuss at a high level the different types of casework the presenters have experienced in cyber investigations as well as emerging threats.

BIOS for presenters:

- **Computer Scientist Scott Gillis:** 6 years with the FBI investigating National Security and Criminal Cyber cases as a Computer Scientist.
- **Special Agent David Paniwozik:** 5 years with FBI, 2.5 years as Cyber Special Agent, previously 2.5 years as a Forensic Accountant.
