
Our Souls Look Back in Wonder!

Suzanne Johnson

Sugarland Ethno History Project, Inc

How did we survive? How did we thrive?

Our souls look back in wonder!

We worked together, learned together, worshipped together and
cared for each other.

Our souls look back in wonder!

We became a true community, in beautiful Sugarland!

Our souls look back in wonder!

We taught our children, celebrated our lives, and saved our stories for
others to hear.

Our souls look back in wonder!

We are people of the soil, working hard for our families.

We are people of song, as we praised the Lord.

We honored our ancestors with a place for peaceful rest.

Our souls look back in wonder!
