Note 2: The Computer Science program's accreditation by ABET (www.abet.org) means that CS majors must take science courses which majors in science take (instead of Gen Ed courses for non-science majors).

Possible Support Courses at BCCC
It would be helpful for a student to enter BSU with sufficient programming background to immediately take COSC 214 *Data Structures and Algorithms*. To take COSC 214, a student would need credit for COSC 112 and COSC 113:

CSC 108	Programming in C	3	COSC 112	Computer Science I	3
CISS 228	Object-Oriented Progr. for Bus. Applications in C++	3	COSC 113	Computer Science II	3

A second English course would provide a prerequisite for the technical writing course, ENGL 362, taken by all Computer Science majors:

ENG 102	Intro. to the Term Paper and Research	3	ENGL 102	Argument and Research	3

Discrete Mathematics would equate to a 200-level COSC core course:

MAT 219	Discrete Mathematics	3	COSC 208	Discrete Structures	3

Description of Program:

The Computer Science undergraduate program is accredited by the Computing Accreditation Commission of ABET (www.abet.org). Our undergraduate curriculum is designed to meet their guidelines – and the recommendations from our External Advisory Board which guides the department in identifying skills students need to be competitive in today's rapidly evolving computer science and information security field.

Reverse Transfer

Reverse Transfer Agreement

Bowie State University
&
Baltimore City Community College

1. BSU runs a report to identify eligible students currently registered, which are those that have transferred to BSU with 45 or more credits but have not declared that they have an associate's degree.
2. The report will be rum twice a year, once in early fall and early spring.
3. BSU will email eligible students and responses to these emails will be directed to a specific (reverse transfer trained) advisor at BSU who will reach out to student to obtain a FERPA agreement to begin the process.
4. BSU flags Reverse Transfer students in the database
5. Approximately two weeks after emails are sent to students, BSU run a report to find those flagged for reverse transfer and that information is sent to National Student Clearing House (NSC).
6. NSC will send transcripts to community college.
7. BSU advisor works with students and POC at BCCC to determine what the students need to be awarded.
8. BSU, BCCC and NSC meet every semester (conference call) to discuss the next round of students.
