

BOWIE STATE UNIVERSITY
Office of Residence Life
2016-17 RESIDENCE HALL CONTRACT, POLICIES AND PROCEDURES

INTRODUCTION

This document and all additional documents and policies referenced herein, constitute the Bowie State University Residence Hall Contract for room and board, hereafter referred to as “this **Contract**”. The services described in this **contract** are being offered to each student under the terms and conditions stated herein. This is a legal document binding students to its contents upon acceptance of the terms and conditions herein.

*The University hereby grants to the student a revocable license to live on campus subject to the terms and conditions of this **contract**. The parties agree that, notwithstanding any language to the contrary contained herein, this **contract** does not constitute the grant of a tenancy or leaseholder to the student and Md. Real Property Code Ann., Title 8 “Landlord and Tenant” does not apply to this **contract**.*

Before accepting the terms and conditions herein, carefully read and understand this contract. Questions concerning the content of this contract should be directed to the Office of Residence Life (ORL) before signing.

University and Residence Life policies, rules and regulations affecting the residence halls are subject to changes and/or additions. Such changes or additions shall be officially announced and posted in each hall and this shall constitute actual notice to residents. Changes and additions shall become effective and binding 48 hours after such posting or official announcement.

Living in the residence halls at Bowie State University is a privilege that is based on the student’s acceptance of the corresponding responsibilities. The provisions in this **contract** and its related policies and regulations are written and enforced to safeguard the resident, the interests of others and to protect everyone from actions considered to be unacceptable or inappropriate in a residence hall environment.

The residence life program at Bowie State University strives to provide an environment that facilitates the academic, personal and social development of each resident. Accepting the terms and conditions of this **contract** does not guarantee an individual a room assignment or board plan beyond the term of this **contract**.

ELIGIBILITY

To be eligible to live on campus, an individual must have and maintain a minimum **2.3** cumulative grade point average (GPA), be enrolled at Bowie State University as a full-time student (*taking 12 or more credit hours*) and be in good financial and judicial standing. Failure to meet any of these requirements at any point during the academic year may result in the termination of this **contract** by the Office of Residence Life.

The resident is required to contact the Director of Residence Life in writing, **before** they assume part-time status. The Director, at their discretion, may cancel a part-time student’s residence hall contract.

The resident may have this **contract** denied or terminated and be prohibited from returning to the residence halls by the Office of Residence Life (ORL) for a semester, academic year or indefinitely if they: *a) do not meet academic or financial requirements stated herein; b) violate University or ORL policies and procedures; c) exhibits behavior determined by the University to be inappropriate or; d) accrues excessive damage fines during or at the conclusion of a semester, break period or academic year.*

Students Requiring Special Accommodations

There are limited beds available to accommodate every request. Therefore, priority will be given to individuals who qualify under the Americans with Disabilities Act Amendment Act (ADAA) and Section 504 of the Rehabilitation Act of 1973. Any medical or physical related issues that require special housing accommodations must be brought to the attention of ORL, 60 days prior to the term in which the student will first begin residing in the residence halls.

Individuals requesting special accommodations will need to provide ORL with formal documentation from a health care provider or other qualified professional that has been updated within the past twelve months and supports the need for the accommodation.

Modifications of housing will be processed based on the recommendations made by the Coordinator for Disability Support Services, the individual and their parent. They will be required to provide appropriate documentation from a physician describing what accommodations will be required.

Please note that providing the university with medical or support information does not guarantee a room or special accommodation request. The Office of Disability Support Services will review situations where the documentation clearly indicates that the accommodation is a medical necessity.

CONTRACT ACCEPTANCE

The individual must indicate acceptance of a room assignment and choose a meal plan by completing and electronically signing the *Contract Acceptance Form*. Once the room assignment has been selected and the *Contract Acceptance Form* signed, this **contract** will become binding to both parties.

By signing the *Contract Acceptance Form*, the individual agrees to accept and abide by all terms and conditions of this **contract** as stated herein, as well as all applicable university and residence hall policies, rules and regulations that are a part of this **contract**.

If a student is under the age of 18, they are required to read this **contract**, then sign the *Contract Acceptance Form* **and** have this **contract** reviewed and the *acceptance form* signed by a parent or guardian. The parent or guardian is required to sign each subsequent *Contract Acceptance Form* until the student turns 18 years of age.

Accepting a room and building job, automatically binds the resident to the terms and conditions outlined in this **contract**. This **contract is binding for one entire academic year, consisting of both the fall and spring semesters**. The resident who is issued a room assignment after the academic year has commenced will be bound by the conditions of this **contract** for the remainder of the academic year.

PAYMENT

The University System of Maryland Board of Regents has approved room and board rates for the **2016-17** academic year. These rates are in effect for the entire academic year. An updated schedule of fees is available upon request through the Office of Residence Life. Full payment of or payment arrangements for room and board charges along with tuition and other fees must be made before the resident will be allowed to move in. Payment or payment arrangements are made through the Office of Student Accounts. During the term of this **contract**, the University, by action of the Board of Regents, reserves the right to alter any or all rates for room and board upon a thirty-day (30) written notice.

INDEBTEDNESS

Failure to satisfy the financial obligations accrued under this **contract** may result in **contract** cancellation, the denial of future campus residency, removal from the residence hall or denial of services, denial of issuance or transfer of grade transcripts and/or enrollment. Costs incurred in collecting delinquent accounts will be charged to the debtor. This includes collection fees, any attorney fees and court costs.

CANCELLATION/TERMINATION AND REFUNDS

It is the policy of Bowie State University that room fees are non-refundable starting on the first day of classes, including the summer term. Should the resident cancel this **contract** on or after the first day of classes, they will be responsible for the entire cost of the room.

If the resident no longer wishes to remain in this **contract** on the first day of classes, a *Contract Release Request Form* must be submitted to the Office of Residence Life (see page 3 under "**Contract Release Request**" for details).

Returning Students

- Cancellation after the room selection process will be honored without penalty, if **written notification** of the cancellation is received in the Office of Residence Life by June 1.
- Returning residents who wish to cancel this **contract** after June 1 will forfeit the \$200.00 room deposit. The resident will also be charged an additional \$200.00 for a total cancellation fee of \$400.00.

- All cancellations received after July 31 but before the first day of classes will forfeit the \$200.00 room deposit and be assessed an additional severance fee of \$400.00 for a total of \$600.00. All fees will be charged to the student's account.
- On the first day of classes, and thereafter, the student may not cancel this **contract**.
- If the resident fails to obtain permission from the Director of Residence Life, or her designee, to remain in the Residence Hall while enrolled part-time and this **contract** is terminated for failure to maintain full-time enrollment, a refund will be prorated for board **only** effective the date of cancellation.

New Students

- If a new student wants to cancel this **contract**, they will not be assessed a severance fee if a written request is submitted to the Office of Residence Life prior to **August 24, 2016** for the fall or **January 23, 2017** for the spring semester.
- If the new student cancels this **contract** on or after the new student check-in process begins, he/she will be assessed a \$300.00 severance fee.
- If the new resident cancels this **contract** once classes have begun, he/she will be responsible for the entire cost of the room. A *Contract Release Request Form* must be submitted to the Office of Residence Life, if the resident no longer wishes to remain in this **contract**.

CONTRACT RELEASE REQUEST

A contract release request is a formal written petition to be released from the residence hall contract. The resident may obtain a *Contract Release Form* from the ORL. The completed form must be accompanied by documentation verifying the reason for the requested release, *i.e. a Bowie State University withdrawal form, proof of school transfer, military orders, medical diagnosis, etc.* to the ORL. The request will be reviewed by the Director of Residence Life or her designee and a written decision will be sent to the resident within five (5) business days.

A contract release may only be utilized between semesters without penalty for the following reasons:

1. Graduation
2. Marriage
3. Withdrawal from the University
4. Transferring to another institution
5. Called to active military duty
6. Medical or psychological withdrawal approved by the Vice President for Student Affairs

The resident who needs to be released from this **contract** between the fall and spring semesters must submit a *Contract Release Form* to ORL by no later than the last day of fall classes. The resident who fails to submit a *Contract Release Form* by the last day of classes, **will be assessed a severance fee of \$600.00** even if the reason falls under one of the categories listed above. **The resident who submits and is granted a release from the contract during the winter break will have 24 hours from the date the contract release is granted, to remove ALL personal belongings out of the room.**

The resident, who submits a *Contract Release Form* on or after the first day of classes for the spring semester, may be responsible for the entire cost of the room even if the reason falls under one of the listed categories. They will have 24 hours to remove all personal items out of the room.

The resident who fails to submit a *Contract Release Form* and does not return to their room, will still be financially responsible and may be assessed a severance fee for the entire cost of the room.

The resident who is granted a release from this **contract** at the conclusion of the fall semester must move out of their room, submit their Residence Life ID, building fob, room key and vacate the residence halls by the last day of final exams. Items left in the room will be discarded and the student's account will be charged a \$200.00 fee for

removal of those items and cleaning of the room. Neither the University nor the Office of Residence Life is responsible for any student's personal property.

An academic year consists of the fall and spring terms, but does not include winter or summer sessions.

FOR FRESHMAN RESIDENTS ONLY

During the fall semester, freshmen will not be granted permission to have guests in the building or their room until 5 p.m. on the last day of mid-term evaluations. This policy is in effect to assist new residents with their transition to the University setting (*see page 12 under "Guest Policy" for specified hours once visitation privileges commence*).

Freshman residents are not permitted to have motor vehicles on the campus of Bowie State University.

SECTION I TERMS AND CONDITIONS

A. Introduction

Bowie State University will hereafter be referred to as "the University" and the student or parent, where applicable (*when the student is under 18 years of age*), who's electronic signature appears on the Contract Acceptance Form will hereafter be referred to as "the Resident".

The terms and conditions of this **contract** are non-transferable. It is the responsibility of the resident to be aware of all terms and conditions of this **contract**. The resident is expected to abide by all current rules, regulations and procedures stipulated in this **contract**, the resident handbook and the *Code of Student Conduct*.

B. Purpose

The premises will be used by the resident solely for residency and educational purposes.

C. Furnishings

ORL supplies each room with basic furniture such as *a desk, chair, dresser, closet, bed, window shade or blinds and a mattress*. The resident must supply their own, mattress pad, linen, pillows, pillowcase, blankets, bedspreads, towels, wastebasket, study lamps and other personal items. The resident may not add or remove furniture from any room unless authorized by their Resident Director.

The resident may not stack furniture or detach fixed furniture. Bed frames may be bunked but not detached, rearranged or altered in any manner. The resident may not remove extra beds or furniture in single rooms. Unauthorized removal, detachment, alteration or damage of furniture will result in fines and disciplinary action.

Additional beds may not be brought in or stored in student rooms. Furniture supplied by ORL may not be stored in closets. The resident who stores residence hall furniture in a closet will be fined and may face disciplinary action.

D. Residence Hall Staff

To assist the resident with their adjustment to community living and receiving the maximum benefits from their college experience, professional and paraprofessional staff have been hired to live in each residence hall.

Resident Directors (RDs) are professional staff members who work and live in the residence halls and are trained to respond to emergencies. RDs supervise **Resident Assistants (RAs)** who are full time undergraduate students who live in each building.

The staff is available to assist, advise, guide and mentor residents. They organize programs and activities to help the resident enhance life skills. Areas addressed during building programs include, but are not limited to topics related to academic, diversity, emotional, occupational, social and physical needs, issues and concerns.

E. Assignment Policy

ORL reserves the right to assign rooms, authorize or deny room or roommate changes, consolidate vacancies (*see item "I"*), or relocate a resident to another room or building when appropriate. ORL further reserves the right to require a resident to vacate the residence halls on a temporary or permanent basis for failure to meet financial

obligations to the University. The resident who withdraws from the University or is mandated by the Director of Residence Life or the Office of Student Affairs to leave the residence halls for any reason is required to vacate the building or buildings within twenty-four (24) hours of notification.

F. Room Changes

Room changes without cause can only be requested between the fall and spring semesters or during the second week of the semester. Individuals desiring to change their assignment must obtain a **Room Change Request** form from their Resident Director. Once completed, they must return the form to their Resident Director.

Room changes approved by the RD and the Room Assignments Coordinator will take place during the **third** through the fourth week of the semester. Room changes will be prohibited after that period unless they are initiated by ORL staff.

The resident requesting a room/building change in-between semesters must move all of their belongings out. Failure to do so will result in the request not being reviewed. Although the resident may request a change in their room assignment, ORL reserves the right to assign roommates without regard to race, religion, creed or sexual preference. Students of the opposite sex will not be assigned nor allowed to reside in the same room.

Room changes may also be requested due to roommate conflict. Consideration will only take place after the conflicting parties have made a serious attempt to resolve their differences via mediation facilitated by a member of the Residence Life staff. Requests for room changes must be approved by the RD of the hall and the Room Assignments Coordinator. Room changes may not occur during the first two weeks of the semester unless approved by the Director of Residence Life or her designee.

Any resident making an unauthorized room change will be subject to fines, disciplinary action and will be required to return to their originally assigned room.

G. Temporary Room Assignments

The student may be offered a contract for a temporary room assignment on those occasions when traditional spaces are no longer available. This is a service offered to students who apply late for campus residency. There are a limited number of temporary spaces. It will be indicated in the offer if the assignment is considered to be a temporary space. The resident will need to follow the same procedures as regular contract residents. Temporary assignments may last a few weeks, several months or an entire semester before the resident is reassigned. In some instances, the temporary assignment could last the entire academic year.

ORL reserves the right to assign more occupants to a room beyond the established capacity when the demand to live on campus exceeds the number of beds available. In such cases, the cost of the room will be reduced for all occupants in that temporary assignment at a predetermined rate.

H. Check in/Check Out

Check in: The resident who is assigned a room is required to formally check-in at ORL or a designated location. Once the resident has been verified as being in good financial standing, they will be issued a check-in clearance card, thereby officially becoming a resident.

The resident must complete the clearance card and take it to their assigned residence hall. At the hall, the resident will receive a Room Condition Report (*RCR*) to take to the room to assess its condition. After the resident makes any needed changes, they must sign and date the RCR. Once the RCR is complete and submitted to the RD, the resident will be given a building fob, room key and other check-in materials. The check-in process will not be finalized until the resident has submitted the clearance card, RCR and Personal Data Sheet to their RD.

The resident may not check in prior to the designated check in dates and times. The resident must contact the ORL **in writing** to make arrangements for late check in. The resident who fails to check in by the designated day and time may have their contract terminated or be assessed a \$25.00 late check in fee.

The resident, who fails to check-in, is not enrolled in classes or has not been released from this **contract**, is still financially responsible for the room charges. A severance fee up to the cost of the room will be added to their Bull Dog account. Any items left in the room after the first day of classes will be discarded and the resident's account will be charged a \$200 fee for the removal of the belongings and cleaning the room.

Check out: When moving out, the resident must set up an appointment to be checked out with their RA. All personal property and trash must be removed from the room. The room must be vacuumed or mopped. All trash must be discarded in the appropriate designated areas and not in hallways or stairwells. The RCR will be used to assess any damage or missing furniture discovered at the time of check out. The resident will be billed if the room is left dirty or checkout procedures are not properly followed. The RA and RD will inspect the room's condition and make a final appraisal. The resident who does not check in or out properly will be assessed a fine.

I. Consolidation of Residence Hall Space

The resident who has not contracted for single occupancy and does not have a roommate will have to participate in the consolidation process which begins one month from the start of the semester. The resident will have the following options: *a) pay the super-single room rate; b) obtain a roommate or; c) change rooms.* If the space is needed for new residents or roommate changes, the space may not be contracted as a single. The RD and the Room Assignments Coordinator will approve all room changes made during the consolidation period. All room changes or exchanges must be completed within five (5) days after notification to consolidate.

If the consolidation has not occurred within the five-day period, the resident will automatically be charged and legally obligated to pay for the room based on the super-single room rate. The resident may only contract for a double room as a super-single for the remainder of the current semester. Consolidation will officially end three weeks after the onset of the consolidation period or sooner as determined by the Director or her designee. Consolidation will occur each semester, one month after the first day of classes.

J. Residence Hall Damage Fee/ Room Deposit

The resident will be held responsible for damages to residence hall property, rooms and public areas and will be expected to pay all charges upon receipt of a bill for the damage. The RD, in conjunction with the information documented on the RCR, determines the final assessment of charges. Room fines may be appealed in writing to the RD assigned to the building where the resident resides within ten (10) days of receipt of notice of the charge.

Damages occurring in public areas of the residence hall will be charged to the residents residing in that particular suite, floor or hall. Damage charges for public areas cannot be appealed unless the resident has indisputable documentation proving that s/he was not in the building during the time period in question. The written documentation must be submitted to the RD of the building within ten (10) days of the receipt of the fine letter.

Room deposits are non-refundable except when ORL is unable to assign accommodations. Applicants that do not receive accommodations and still attend the University will have a credit on their Bull Dog account. Assignments are made throughout the first two weeks of the semester. Assignments may continue past this period if beds are still available. Applicants who do not receive a room prior to the end of the assignment period and cancel their request are ineligible to receive a refund for the room deposit.

K. Room Key and Building Fob

A room key and building fob will be issued to the resident. All keys and building fobs are ORL property on loan to the resident only as long as they rightfully occupy the room and building the fob provides access to.

The resident is prohibited from lending or giving their keys or building fob to other individuals. Duplication or modification of keys or building fobs is prohibited. The resident is responsible for all keys and/or fobs issued to them. Lost, stolen or damaged keys or building fobs will necessitate the replacement of lock(s)--the cost of which will be charged to the resident. Damaged or broken keys must be submitted to ORL immediately otherwise they will be presumed lost or stolen.

The resident must report lost or stolen keys or building fobs to their RD immediately. When notified, ORL will initiate a lock change. Once a lock change has been reported, regardless of whether or not key(s) and/or the building fob have been found, the resident will still be liable for payment of the charges. Failure to return the room key and building fob upon vacating will result in the resident being billed. Duplication or modification of said key or fob will be grounds for disciplinary action and criminal prosecution.

Violation of any provisions in this section may be grounds for declaring the resident in breach of the **contract** and could result in termination of this agreement, and disciplinary action being taken against the resident including dismissal from on campus residency.

The resident must give their room key and building fob to an authorized University official immediately upon termination of their right to occupy the residence hall or any time upon demand of such officials.

Loss of the room key will result in a lock change. The resident will be billed for the cost incurred for the lock change. Loss of a fob will result in deactivation of the old fob and a new one issued. The resident will be billed for the new fob.

L. Remedies

All rights and remedies of the University herein enumerated shall be cumulative and none shall exclude any other rights or remedies allowed by law and the University disciplinary codes, judicial systems, regulations, policies and procedures.

If the resident defaults in the payment of room and board fees or in the prompt and full performance of any provisions of this **contract**, the University may, upon five (5) days written notice, invalidate the resident's meal card without obligation to give credit to the resident for any meals missed as a result of such action. If the default is not corrected within the five-day period, the University may, upon ten (10) days written notice, forthwith terminate this **contract** and the resident's right to take possession of the room assignment and all other contracted benefits.

When this **contract** is terminated, the resident shall pay liquidated damages to the University. The resident thereby grants to the University full and free right, with or without process of law, to enter into and upon the premises and/or take possession of the premises as the University's former estate and remove all property of the resident without being deemed guilty of trespass, eviction, forcible entry and/or detainer. Removal of any property shall be at the risk, cost, and expense of the resident and the University shall in no way be responsible for the value, preservation or safekeeping thereof.

Furthermore, if this **contract** is terminated in accordance with the foregoing provisions shall be forbidden under penalty of arrest for criminal trespass to enter and/or remain in any Bowie State University residence hall without the written consent of the Office of Student Affairs or the Director of Residence Life. Loss of the room will result in a lock change and the student will be billed for all cost incurred by ORL as a result of that lock change.

M. Solicitation

Sale of items or solicitations of funds or other goods are prohibited in the residence halls. The resident may not represent any outside agency or campus organization by selling or distributing products or services in the residence hall. The resident or student may not go door-to-door, use or permit their room or any public area of the residence halls to be used for any sales representing a commercial agency. The resident or student found violating this policy shall be subject to disciplinary action.

N. Appliances, Cooking and Food Storage

Removal of appliances placed in public areas such as refrigerators or microwaves will be considered theft and will result in disciplinary action. Metal pots, pans and aluminum foil **may not** be used in residence hall microwave ovens.

The following Underwriter Laboratory (UL) approved electric appliances are permitted in resident rooms: *clocks, shavers, blankets, radios, portable televisions, computers, DVD players, CD players, VCRs, stereos, portable hair dryers, toothbrushes, small fans and lamps*. Refrigerators are permitted in the resident's room providing they do not exceed four (4) cubic feet and draw more than 8 amps. Refrigerators may not be placed in closets.

To prevent the risk of fire hazards which may be caused or increased by open or exposed heating elements, electrical appliances such as *hot plates, hot pots, and space heaters* may not be used, possessed or stored anywhere in the residence hall. Immersion heaters (*water heating coils*), holiday lights, halogen lamps, heat lamps and personal ovens (*microwave or otherwise*) are not permitted for use in the residence halls.

Microwave and refrigerator combinations are allowed providing the unit is no larger than 3.1 cubic feet and is labeled as an energy star appliance. The resident can go on line to www.Bizrate.com/refrigerators/microwave-fridge-combo/ to compare prices or choose to rent one and have it delivered to the room. The resident is expected to consult with the ORL Building Services Manager @ 301-860-4256 if they have questions, **before** making a purchase. Food in the resident rooms must be stored in such a way to prevent health and sanitation problems from developing. Violation of these policies will result in fines and possible judicial action.

O. Excluded Items

To reduce the potential hazard to personal safety or damage to Residence Life property, the following items are not permitted to be used or stored in rooms, suites, apartments or any other areas of the residence hall: *internal combustion engines, acids, automobile batteries, gasoline, kerosene lamps or heaters, firearms or other weapons, fireworks, incense, candles, water beds or other water-filled furniture.*

Weight lifting equipment and devices, musical instruments equipped with amplifying devices and instruments that disturb other residents may be used only in designated areas of the residence hall. They may not be used in student rooms.

ORL reserves the right to limit the number, size and units of electrical equipment used or stored in the resident's room *i.e., stereo, TV, computers, speakers, musical instruments, etc.*

The University forbids the tampering, splicing, or altering of the wiring in a resident's room for his/her personal use or to hook up additional equipment. Violation of this policy may result in the immediate removal of equipment or automatic termination of the Residence Hall Contract. Contracting for services such as cable, DirecTV, satellite services, etc., are not permitted in a student's room and/or any part of the residence hall.

P. Hall Closing for Vacation Periods

The residence halls will be closed and residents may not be in residence during official University vacation or break periods, *i.e. Thanksgiving, winter and spring breaks.* The dates are determined prior to the start of each academic year.

During the winter break, keys and building fobs will be collected. The resident will have to remove all personal items from their room between semesters if directed by the Resident Director or if they have requested a room change.

The resident returning to the same room between semesters will not have to remove all of their personal items. However once the buildings have been closed for vacation or break period, the resident will not be allowed back into the building. **There will be no exceptions.** The resident will need to take all personal items they will need during all break periods.

With the exception of graduation or officially participating in graduation ceremonies, the resident must vacate the residence hall each semester within 24 hours after his/her last examination or by the designated day and time of the hall closing, whichever comes first. The resident must show copies of their exam schedules to the RD if they need to stay past the time of the residence halls closing. The resident meal service will not be in operation during break periods.

Q. Food in the Residence Halls

The resident living on campus must have a meal plan. Thompson's Food Service is the provider for all meals served on campus. Please contact the Office of Auxiliary Services for information regarding meal plan options and pricing.

All food, cutlery, tableware, or other non-disposal items removed from the dining hall without permissions, will be considered an act of theft and will be subject to University disciplinary action including, but not limited to, fines and legal action.

R. Bikes, Motorcycles, Motor Scooters and Hoverboards

The resident must use bike racks provided in designated areas outside the residence halls. The resident is expected to purchase their own lock to secure their bike. Bikes may not be stored in the room, in any public area including stairwells, lounges, and lobbies near entrance doors, or locked near entrance doors either inside or outside of the building. Neither the university nor ORL will be responsible for the theft or damage of your bike.

Storing motorcycles, motor scooters, mopeds, and other fuel-powered vehicles are not allowed in the residence halls and must be parked in designated areas in accordance with university parking regulations.

Residents may not store hoverboards in the residence halls.

S. Parking

The resident, who plans to operate any type of motor vehicle, must register it with Parking Services and purchase a parking permit. *First time freshmen residents are prohibited from having a vehicle on campus.*

All staff and residents are expected to abide by all campus parking regulations by parking only in designated areas. Designated parking areas can be found on the back of the parking hangtag.

T. Room Decorations

While the resident is allowed to decorate their rooms, for safety reasons, the guidelines listed below have been established.

- Pictures, posters, or other materials must be hung using Command mounting hooks or on bulletin boards.
- The use of nails, tacks, screws, tape, glue, or other adhesive on walls, ceiling, wardrobes, woodwork, doors, or furniture is prohibited.
- Damages resulting from violations of this policy will be assessed against the resident or residents responsible.

All holiday decorations in resident rooms and public areas must be taken down and stored **before** residents leave for breaks.

U. Subletting and Unauthorized Use of Room

The resident must not allow anyone to live in his/her room or assign his/her room to anyone. The resident who allows their room to be used in this manner is in violation of this provision and are subject to disciplinary action and a fine not to exceed the full room charge for each violation. Persons improperly residing in the resident's room shall be subject to the same guidelines and fines. Violations will result in disciplinary action and possible termination of this **contract**.

W. Non-Waiver of Covenants and/or Conditions

Failure of ORL to insist upon strict enforcement of all covenants and conditions of this **contract**, and to avail itself of all rights and privileges enumerated herein, in any one or more instances with regard to any one or more resident or student shall not constitute a waiver or relinquishment for the future of any such covenants, conditions, rights, and privileges, but the same shall remain in force.

Record keeping of all charges, with knowledge of breach of any covenants or conditions thereof, shall not constitute a waiver of such breach by ORL or the University. Payment shall be in effect unless expressed in writing and signed by the Director of Residence Life.

X. University Policy Concerning Room Inspection, Entry and Searches

The residence halls are the property of the State of Maryland, under the control of the University System of Maryland Board of Regents. Responsibility for immediate supervision lies with Bowie State University. It is the University's intent to act in a manner consistent with residents' constitutional right to privacy and freedom from unreasonable search and seizure without neglecting the basic responsibilities of the institution to fulfill its educational functions and to conduct its day to day operations. The University reserves the right of entry to inspect rooms and suites in the interest of health, cleanliness, proper upkeep, property control and **to investigate when reasonable cause exists concerning someone's safety or a violation of policy/procedure taking place.**

Monthly health and safety inspections are conducted by Residence Life staff. In all aforementioned cases, authorized personnel must carry University identification, present it upon request and announce the purpose for their entry. University personnel may not enter any room without first knocking on the door and allowing a reasonable period of time for a response. In situations involving health, safety or maintenance issues, authorized University personnel may enter without prior notice.

The resident is responsible for the upkeep of the residence halls and is liable for damage to or loss in their room and public areas.

Y. Personal Property
