BIMONTHLY NEWSPAPER OF THE BOWIE STATE COLLEGE PRESS CLUB

OCTOBER 31, 1966

## Faculty Meeting Disrupted Over Academic Rank Comm.

### NCATE Accredits Bowie

NCATE, a national accrediting agency, has recently approved Bowie's teacher education program. The requirements for admission into the Association were essentially based upon the quality of course offerings, and professional standing of those teachers teaching the education courses. Specifically, NCATE reviewed the quality of instruction as to whether it was taught by qualified personnel with Departments headed by persons holding earned Doctor's degrees from qualified institutions.

Although Bowie has been admitted into NCATE, a probationary period of three years is required before Bowie's position becomes permanent. During this three year period Bowie will be reviewed continually to ascertain whether it can maintain the required standards for admission.

NCATE accreditation will benefit teacher education graduates in that a teaching degree from Bowie will be recognized by any other state that honors NCATE accreditation.

As a means of maintaining the standards by proposed the NCATE a committee composed of Dr. A. Wiseman, Dr. E. Arnold, Mr. C. Bessicks, Miss Blough, Mr. B. Ciliberti, Mr. J. Cox, Mr. H. Jones, Dean Sanders, Mrs. D. Smith and Dr. U.S. Young set forth some guidelines for teacher education admittance. These guidelines are found in the college catalogue on pages 64 - 65.

### Dr. Young Admitted To Smithsonian

In a letter from Mrs. Lisa Suter, program director of The Smithsonian Society of Associates, Dr. Young was informed of his admission to this Society.

Dr. Young enrolled at the Smithsonian Institution, and after completion of his courses, he was awarded his membership. A course consists of ten weeks, meeting for 1 1/2 hours once a week.

The Smithsonian Institution offers seminars, lectures and workshops. Young people as well as adults can join.

Dr. Young received his doctorate from the University of Maryland. He is a member of the National Sociology Honor Society. See DR. YOUNG Page 4

### Social Sciences Issue Report

The Social Sciences division of the college reports that eleven new courses have been added to the curriculum in Anthropology and Sociology at Bowie State College. For the first time in the history of the college, the students this fall can establish a major in the area of Anthropology and Sociology. This new work will provide for an adequate background under the following headings: Anthropology - History of Anthropological and Sociological Theories, Selected Topics in Anthropology, The North American Indian, Primitive Religion; Sociology - Criminology, Sociology of the Aging, Independent Study, Contemporary Communities, Intergroup Relations, Methods of Sociological Research, Seminar in Anthropology and Sociology.

In addition to the fore mentioned new major, the Division of the Social Sciences offers a major in the broad field of Social Sciences and a major in History. The new field of concentration in the division will increase the number of majors significantly. More than twenty-five individuals have indicated plans to pursue a major in Anthropology-Sociology. Others interested in this course of study should contact Dr. Ulysses S. Young, the chairman of the division.

The faculty, through its curriculum committee, recommended the new major in Anthropology - Sociology and the Board of Trustees of Bowie State College formally adopted it by unanimous vote last spring. This new major then became effective this fall.

Thirty semester hours are required in the two major disciplines. These thirty hours may be allocated in the disciplines as follows: twelve - fifteen semester hours in the area of Anthropology, fifteen - eighteen semester hours in the area of Sociology. Preparation for the major may begin at the first year level, Freshman, with the possible six credit hours in the prerequisite courses. The General Education requirement, Sociology 101, Introduction to Sociology, would be a required prerequisite for further course work in Sociology. This course would also count toward the major requirement sequence. Anthropology 102, Introduction to Anthropology, is a prerequisite for further course work in that area.

The curriculum presented has been chosen to provide for the professional needs of persons in the area of social work and for the preparation at the undergraduate level in the broad field of a combined discipline in both Anthropology and Sociology. The present areas of employment in the field of Sociology are many. See SCIENCES Page 4

### Dr. Putney Heads Viet Nam Discussion

On Tuesday, October 25, the History Department presented a short lecture and discussion centered around the United States' commitment in South Viet Nam. Dr. Martha S. Putney, a representation of the History Department, led the discussion, and entertained student questions.

In her lecture, Dr. Putney gave a brief historical outline of Viet Nam's development. Beginning with Viet Nam's defeat and occupation by the Chinese in 200 B.C., Dr. Putney indicated that Viet Nam's history has been one of violence, long after the expulsion of the Chinese in 939 AD. Consequently, Viet Nam has had to fight defensive wars with the French as well as the Chinese. As a result of these wars, Ho Chi Minh, popularly looked upon as the "George Washington of Viet Nam", has emerged as the most efficient instrument for the establishment of communism in Viet Nam. Supported by Russia, China; and most Vietnamese, Ho Chi Minh has been waging a "war of liberation" in South Viet Nam which can only be ended when Laos, Cambodia, and Thailand are brought under his control.

In attempting to preserve what democracy is left in South Viet Nam, the United States has already sent 325,000 troops to South Viet Nam to complement the 125,000 South Vietnamese troops already engaged. As of this date, 5,336 American troops have been killed, and 30,000 have been wounded. The South Vietnamese have lost 147,000 troops. This stacks up against the 149,000 North Vietnamese (Viet Cong) who have been killed.

### Mr. Pettigrew Scheduled As Bowie Speaker

The observance of National Education Week is scheduled for November 6th through the 12th. The Divisions of Teacher Education of Bowie State College which includes the Department of Health, Physical Education and Recreation and the Department of Education and Psychology are commemorating the week with an Assembly program on Thursday, November 10, with Mr. Everett G. Pettigrew as guest speaker. Mr. Pettigrew is President of the Maryland State Teacher's Association 66-67 and is the first Negro in the nation to head a state-wide professional Teacher's Association.

See PETTIGREW Page 4

Despite the military offensives, Dr. Putney emphasized the significance of the social revolution being fought in South Viet

Dr. Putney

Nam by U.S. advisors. However, Dr. Putney noted that the social revolution has not been pursued as intensely as the military.

Dr. Salvatore Nerboso, also present at the meeting, added that much of what President Johnson says is for public consumption. Dr. Nerboso pointed out that Viet Nam represents "the drifting, rather than static foreign policy of the United States." Dr. Nerboso feels that Viet Nam was never worth the commitment the U.S. has pledged, but unfortunately the United States cannot find a graceful way out.

and Dr. Putney added that Viet Nam may be influenced by the new Secretary General of the United Nations. It was also concluded that the Viet Nam crisis may teach the United States to pursue a more cautious foreign policy when dealing with developing nations.

### Student Academic Freedoms Outlined

"The Academic Freedom of Students" is a brochure published by the AAUP for the express purpose of informing students, faculty, and administrators of those privileges which should be exercised by college students. This pamphlet was prepared by a special committee of the AAUP which was headed by Dr. Phillip Monypenny, Professor of Political Science of Illinois University.

Those freedoms which appear in "The Academic Freedom of Students" are as follows:

1. Freedom in the Classroom
1. Protection of freedom of evaluation.
2. Protection against improper Academic evaluation.
3. Protection against improper disclosure of confidential information given the teacher.

See ACADEMIC Page 4

10 AM Thurs. Oct. 27, 1966

The normal faculty meeting routine was disrupted this morning when faced with the problem of electing a fifth member to the Academic Rank Committee. Formulated by the Committee on Committees the Academic Rank Committee was designed to function as follows.

1. Study and evaluate records of all faculty members as a basis of recommendation for increments and advancements in rank.
2. Receive from all sources, recommendations for promotion, tenure, leave, retention and dismissal of faculty members; evaluate these recommendations, and submit the results to the administration.
3. Evaluate, along with other agencies, the qualifications of new applicants to the faculty by consulting with Division and Department Heads, and then making recommendations to the Dean of the College.

A committee member must not be present for, or take part in a vote which effects only his salary or rank.

The conflict began by Mrs. Smith's recommending that the Committee be abolished because Dr. Henry would make the decisions anyway. Rising to the challenge, Mr. Wisniewski and Dr. Nerboso noted that policies in the past had been dictatorial and that this committee could not be that of the administration if Bowie is to progress.

Mrs. Smith, visibly disturbed, clutched at Dr. Bard's hand in making her reply, and things were touch and go as Dr. Young made an off-hand comment on "Black Power." Eventually the question was put to a vote with each faculty member voting for the Academic Rank Committee. The elected committee as it now stands consists of

Dr. Martha S. Putney  
Dr. A. Anderson Dumas  
Dr. Salvatore D. Nerboso  
Mrs. D. Smith  
Mr. Herman Jones

As these members reflect the overwhelming support of the faculty, there can be no doubt but that the administration will seriously consider their recommendations.

The Committee on Committees had its kick-off meeting with Dr. Bard at a Luncheon meeting in the Campus Cafeteria September 30, 1966. This was the first of a series of meetings which continued on the following dates: October 4, 6, 7, 11. The progress made by this committee is reported in the appended pages. Members of the Committee on Committees

Mrs. Blanche T. Vessels (Chairman)  
Dr. Eugene R. Arnold  
Mr. Robert Duane Brown  
Mr. Sylvester F. Wisniewski

## EDITORIAL Comment

### Is Bowie Bureaucratic?

The faculty committees recently established at Bowie are indeed a colossal step toward a favorable change in the future. The reason for these committees is to seek out workable solutions for the problems confronting the college. Undoubtedly, these problems have increased considerably in the past years because of the changes being proposed by the faculty and the stu-

dents. However, it might be argued that the organization of too many committees, as in Bowie's case, would destroy the original intent. Problems cannot be remedied efficiently when there is an overemphasis on the division of authority into numerous committees. Is it possible that the dreaded word - "channels" - will find popular usage with these committees?

## Speaking Out

### Inquiring Reporter

Question: Do you believe the entrance requirements into colleges should be raised or lowered? Why?

Donna Poole (Senior)

I believe that the ACT National Standard Test required by most colleges before entrances is quite sufficient in its testing methods and procedure. This test, in my estimation, requires a well-rounded knowledge on the part of a student in order to receive a score for entrance into most of the major and better colleges. I further believe that if any requirements are changed, they should be done on the part of the high schools. That is, the requirements should be raised and placed, if possible, on a national basis.

William Jenkins (Junior)

I don't think that the entering standards should be raised at all. However, I do think that they should be lowered a small bit. I think that the ACT test is enough as far as entering College is concerned. It covers just about all fields and it will give you a pretty good background of where the newcomer is. However, here again, I don't think there should be too much emphasis on the entering standards because,

every person should be given a chance to prove himself. If he can't meet the qualifications after he has entered, then he will be dismissed anyway. In other words, I'm saying that every man could make a difference, and I certainly believe that every man should try.

Charles Bell (Freshman)

They should be lowered. Many people want to apply to an institution near them and many are being turned down for various reasons. There are a lot of people who would like to attend a university or college but feel that the entrance requirements are a little too high for them.

Many courses offered were not included in the high school curriculum. Due to this, many people cannot learn much in the courses.

Pearl Turner (Sophomore)

I think that the requirements and examinations for entrance into colleges today are quite sufficient. College entrance examinations seem to cover all general education courses, which are a necessity to all persons who are about to become professional people. I believe that they should remain as they are -- meaning no revision whatsoever!

## Join The Crusade

Many students are concerned about the drop in enrollment this semester. The questions that come to mind are: Why did the enrollment decrease instead of increasing? What can be done to bring Bowie into the public eye?

We do not have a public relations department here at Bowie, so it is mainly up to the student to make the college known. Miss Aurelia Parker has suggested that the students tell outsiders about Bowie. Mr. R. D. Brown says that, "the students should be proud of their school and build it up to people instead of tearing it down. True it may be in a rural area, but most colleges in America were built in rural areas, although cities may have sprung up around these schools in later years. Yes, even Howard University!"

## Staff

Published every two weeks throughout the college year by the students of Bowie State College.

This paper is written under the 'academic freedom guidelines' as stated and supported by the AAUP

Editors - Sandra Johnson and Louis Edmonston; Exchange Editor - Lynda Edwards; News and Features - Lunda Edwards, Windy Cooper, Wendell Holloway, Adrian Wiseman, Sandra Johnson, Lyn Henley, Paul Scollan, Lydia Gross; Sports - Wendell Holloway; Reporters - Pat Rollins, Beverly Wright, Larry Lawson, Eugene Ogg, Joshua Taylor, Carol Willson, Jackie Covert; Photographers - Pete Caldwell, Bill Green, Henrietta Dorsey; Business Managers - Joshua Taylor, Eugene Ogg.

S. G. A. President Bernard Young has this to say, "I think that the enrollment at Bowie may be increased through the use of better recruitment procedures and the sending of news letters to high schools and newspapers in the hometowns of Bowie's students. Many schools publicize the accomplishments of their students by sending a note to the students high school and local newspapers. Through these means our school will be publicized in many cities or towns that know little or nothing about Bowie. A boast in our extracurricular activities and athletic teams would also aid in attracting more students."

Show that you are proud of your school. If people do not know about Bowie, then the fault is ours.

## Central Committee Plans Formulated

The Centennial Coordinating Committee, Dean Sanders and Dr. Allen Brown, Co-Chairmen, has been meeting every week in the Organization Room to implement plans for Bowie's Centennial. "Our First Hundred Years" was chosen as the Centennial theme. Dr. George M. Crawford, Supervisor of Curriculum for the Maryland State Department of Education, has been most helpful at these meetings and is inviting members of the families of the founders of Bowie College to Be Honored Founders' Day, November 17.

Ten nearby newspapers have been invited to publish feature stories about Bowie. Letters are being sent to all parents of students and to all members of the See CENTRAL Page 4

## Letters To The Editor

I am writing with great concern about two articles that appeared in the last issue of the COLLEGE EAR.

My primary concern is about the misleading evaluation of the new constitution. Contrary to your evaluation, the Constitution was placed before the student body and was approved. Secondly, the laws contained in the demerit system concerning conduct unbecoming to the college student and that concerning dating in cars are not even mentioned in the Constitution presented to students and therefore renders your evaluation erroneous and without foundation.

As far as the number of appointees are concerned you forgot to mention my privilege to appoint two defense lawyers and two prosecuting attorneys. Does not the President of our country appoint members of the Supreme Court and Judges of Federal District Courts throughout this country? Does he not choose his own cabinet members with whom he wishes to work? His appointees are final with the approval of the legislature. Are there any sound reasons why our government here can't follow this pattern? If so I am anxious to hear them.

My second concern is with the treatment of your article on our Queen. This is the first newspaper where the Queen did not receive front page coverage. Is this your feelings for our Queen? I am sure if she did not deserve a front page story, the students would not have elected her. Since I am not a journalist I really cannot be sure of my criticism but I was just interested in the reason for the second page coverage. Thank you.

Bernard Young  
President S.G.A.

Mr. Young,

In response to your letter, I find that you are practically correct. The analysis of the student constitution was erroneous. The analysis was accompanied with clipped corrections which were to be inserted. These corrections were to explain that the analysis was made upon the previous year's constitution. It was hoped that the student body would find it helpful in evaluating the new constitution THEMSELVES. As for the Queen, I find no fault with her physical features, the election procedures, or her biography. However, her story began on the second page because it was submitted after the front page had been laid out. Incidentally, the second page is important; that is why the editorials appear there.

Louis Edmonston  
Co-Editor

Mr. Edmonston:

The article entitled "Dr. Bard Heads Bowie Change" in the October 17, 1966 edition of the College Ear is in my opinion a vicious fallacy. You have presented a grossly distorted and inaccurate version of the facts which require a great deal of clarification.

It is a fact, however, that Dr. Bard was appointed to "FACILITATE" the transition between Dr. Henry's retirement and the advent of Bowie's future president, as stated in the first paragraph of your article. It is also a fact that Bowie has made quite a few major changes since Dr. Bard has been appointed but his power is not as great as Dr. Henry's in that he, as a "consultant" cannot make any changes alone. The verb "FACILITATE" means "to make easier or less difficult" -- not "to head"

Dr. Henry's signature must be inscribed on every single document that decides what changes are to be made. This is not the case at Bowie alone, but a presidential duty at every college and university in these United

States; Bowie is no exception. I feel that you as the editor should render credit where credit is due. The article was deceptively unfair and extremely partial.

We should all be concerned with the welfare of our school. Many copies of the October 17th edition of the COLLEGE EAR have been circulated throughout the suburban areas of Washington, D.C. and among various members of Bowie alumni. The article has implied erroneously that Dr. Bard's powers are equivalent to those of the president of Bowie State College which does not RESPECT the position of Dr. Henry at all.

For the welfare of the school, faculty, student body--for the interest of the alumni and friends of Bowie State College--and for the respect of our president, Dr. William E. Henry, I ask you to clarify the pertinent facts involved.

Thank you very much for your patience.

Sincerely,  
Wendell Holloway

Mr. Holloway,

In no way whatsoever was the article you referred to meant to be partial. In explaining Dr. Bard's presence at Bowie, it has been generally agreed by the faculty and Board of Trustees that Dr. Bard is here to bridge the gap between Dr. Henry, and the new President. In bridging this gap Dr. Bard has had to solve many problems and many levels that were undoubtedly perpetuated and ultimately became critical last year. The article if it was to recognize the achievements of the student body this year had to give credit where it was due. Dr. Henry has been asked repeatedly for a statement elaborating upon Dr. Bard's role. So far none has been forthcoming. However, Dr. Bard has referred to himself as merely a catalyst. I hope that in the future the "College Ear" will be able to run an article on what Dr. Henry has done for Bowie State College. I hope we can get enough material for the story.

Louis Edmonston  
Co-Editor

It is no secret that Bowie State College has more than its fair share of sick, indifferent, and incompetent staff and faculty members. It sometimes seems as though there might be a test administered, the result of which, if evaluated "Unprofessional", would open the door to employment at Bowie State. Is there an office in the school which is not seriously flawed by inefficiency, discourtesy, and worse? Apathy, hostility, harassment, sadism, and incompetence are the order of the day at Bowie. Perhaps we should put up a large sign at the entrance to Bowie State reading: "REST HAVEN FOR INCOMPETENTS AND THE EMOTIONALLY DISTURBED." And then we could say underneath: "Give me your crippled, your cop-outs, your craven. (Get tenure - and relax for life at Bowie State)."

Obviously this is not applicable to everyone on the payroll at Bowie. For instance, we can be proud that we have a nucleus of fine, dedicated faculty members, whose personal and professional standards serve as example and inspiration to Bowie students.

As student aspirations rise at Bowie State it is going to be more and more a troubled school unless the OBVIOUS remedial steps are taken, and taken fast.

I am not unaware of the fact that some of the people working in the system at Bowie have severe disabilities - and I am truly sympathetic, although this letter may not so indicate. However, I do feel, quite strongly, that while it is true that these people have real problems and might experience some difficulty in getting into a school system with normal standards, I do not believe the system should function to sustain such people at the very severe cost to the

students. It would appear, in looking at the situation at Bowie State, that the primary function of the school is to provide a living for these unprofessional people - and that the priority rating for the needs of the students is very near the bottom, if not indeed THE bottom, of the list.

I am aware that beginnings have been made in the direction of improving the school. I am also aware that the manifestations of these beginnings are, of necessity and in the nature of things, meagre so far as the students are concerned. But I also know that I together with many other students, am greatly apprehensive that these beginnings may turn out to be endings, that the prime disabilities at Bowie (those of concern with appearances rather than programs, with minor appeasement rather than root changes, with facade rather than framework, with superficialities rather than substance) is continuing and will continue for many long, bitter, frustrating, unrewarding, wasteful years.

I would like to believe otherwise - how EARNESTLY I would like to believe! WON'T SOMEONE PLEASE SEND ME A SIGN?  
Miriam F. Pelot

## LITTLE MAN ON CAMPUS

YOU HEARD ME SHUFFLING MY RESEARCH NOTE CARDS. MRS. HANSON - I'M WORKING VERY HARD WRITING A TERM PAPER.

## From The Book Shelf

ELEVEN KINDS OF LONELINESS, a collection of eleven short stories, seizes and pinpoints each individual form of estrangement, ranging from the schoolboy who scrawls obscene passages on the wall to the Army sergeant who meets constant opposition from his company. Each short story is unique and unrelated, treating the delicate subtleties of character with a keen insight. Yates' perceptive ear for the backalley vernacular of New York and the slang of different locales also adds a special authenticity to the characters.

The loneliness theme does not reduce itself to a gaudy display of cheap sentiment or emotion. The personalities are shaped and molded in quick snatches with isolated or dominant incidents in the lives of the characters. Walter, in "A Glutton for Punishment" is the typical business failure with an unusual proneness for the tough breaks; he manages, however, to withstand all the bad fortune by the sheer force of his determination. By using an apt flashback the author implies that Walter always had a knack for dying bravely, even when simulating war as a child. The author employs such skillful devices in order to reach the source of each problem with an economy of detail. Yates, with a clear and original style, creates vital, through-provoking situations of today which only a young, observant writer could present effectively.

## Class And Club News

On Thursday, October 13, at 5:30 p.m. Alpha Gamma Kappa held its weekly meeting. The topics discussed were the induction of new members, the tutoring service, and "Punn, Page II", A. G. K.'s literary magazine. It was decided that an induction meeting for new members would take place the last club meeting of every month, whenever necessary. The initiation requirement of a new member is to give proof of one's literary faculties by either participating in a skit, dramatizing a monologue, or reciting a poem, all of which would be of one's own creation. All freshmen who join will be probationary members and will not acquire full membership until they have proved themselves scholastically at the end of the first semester.

The tutoring Service Committee reported that the tutoring service will go into effect Monday, October 24.

A. G. K.'s literary magazine staff was formulated. If all goes well, copies of "Punn Page II" will be available at the last of February, 1967.

When Alpha Gamma Kappa, formerly The Reader's and Writer's Club, was organized during the first semester of last year one of the first activities undertaken by the Club was a tutoring service. A number of students who had a high grade-point average and were particularly talented in a specific subject were included to volunteer their time to benefit others who needed help. The service became very popular as many students took advantage of a possible means of improving their grades.

Because of the interest shown last year Alpha Gamma Kappa, at their first meeting on October 6, made the formation of a 1966-67 tutoring service one of their first orders of business. The tutoring sessions are held regularly and anyone who wishes is invited to attend. The schedule of sessions for the sessions are as follows:

### TUTORS

Miss Etta Browning, Music, Wed., 6P.M., Tubman Hall; Mr. James Poney Music, By appointment; Mr. Joseph Austin, History 201, By appointment; Mr. Louis Edmonston, Spanish, Mon. -Thur., 7-8, A. Bldg.; Miss Virginia Roach, French 101, English 101, Tues., 6-7, Rm 102; Mr. Paul Scollen, English 101, By appointment; Miss Joyce Wiseman, Mathematics, By appointment; Miss Mary Thomas, Spanish, By appointment; Mr. Richard Purnell, English 101-1-2, M, W, F, 2-3 (S.U.B.); Miss Windy Cooper, Biology 101, By appointment, Add.-Box #206, Rm. 126; Miss Audrey Jenkins, Geography, By appointment, Add.-Box #126; Mr. Carroll Dorsey, History, By appointment, Add.-Box #16, Rm 113.

### S.G.A.

The Student Government Association has completed the formulation of the budget for the school year and all club representatives may receive a copy of their budget as approved by the Budget Committee. Many requests were cut to stay within the financial limit placed upon us. We are asking clubs to combine with other clubs or classes in the sponsoring of events such as dances so as to better the quality of dances in comparison with those of past years. This is merely a suggestion and is not compulsory.

The Constitution of the Student Government Association was approved by an overwhelming majority of the students present at the assembly on Thursday, October 13, 1966. It is now law! This constitution is patterned after that of the United States and isn't as inferior as was described in the past issue of the newspaper. Maybe the Editor was evaluating an entirely dif-

ferent constitution than that passed by the students at the assembly.

We are asking for your support of the fund-raising affair sponsored by the Centennial Committee. Tickets will be available from the Personnel Office or any member of the Student Congress.

Bernard Young  
President S.G.A.

### N.E.A.

Governor Tawes has proclaimed the week of November 6-11 National Education Week in Maryland. The Bowie chapter of the N.E.A. is planning many activities for the week to show the workings of the education profession. There are to be skits illustrating situations that may face an educator, and also movies, posters and an assembly speaker.

The N.E.A. has charge of the assembly on November 10 and a dance on November 11. The program for the assembly promises to be very interesting and all students are urged to attend this worthwhile program. The speaker for the assembly will be Mrs. Joan La Rue, who will speak on the purpose of National Education Week and the National Education Association. The dance on Friday will be a semi-formal affair that everyone will want to attend.

### J.F.N.

The Junior Senate has started the year with very capable officers with the majority of the senate leadership being placed in the hands of freshmen. The freshmen holding offices are Annett Stone, President; Maude Phillips, Secretary; and Judy Washington, Treasurer. Sophomores elected were Billie Anderson, Vice-President; and Ellen Steward, sergeant-at-arms.

Miss Florence Nichols reigns as the Junior Senate Queen for the Centennial year.

The Senate looks forward to a year which will bring improvement to Tubman Hall. Future renovations will include soda and snack machines, new furniture for rooms, and covered heating pipes.

Tubman Hall girls also look forward to seeing the ailing Mrs. Johnson at her desk. Presently, Mrs. Pendergrass of Kennard Hall has been serving a dual role as housemother for Bowie's girls.

### F.C.N.

The freshman class met on Wednesday, October 12, 1966 at 6:35 p.m. in the administration building. President Carol Dorsey presented ideas from the class about future activities to be sponsored by the class. The major topics of the discussion were a bonfire, semi-formal, vespers, and a freshman-sophomore Mardi gras. The formation of an assembly committee was also on the agenda.

The meeting was adjourned at 7:10 p.m. and the Ways and Means Committee remained for a brief meeting.

### Reading Room Gets Paper Backs

From mathematics and science fiction to philosophy and history the new paperback library in the Reading Room of the Student Union Building has the potential of becoming one of the most interesting places on the Bowie campus. There are a variety of titles in both fiction and non-fiction that may be checked out for periods up to three weeks. All a student is asked to do when he wishes to take a book out of the reading room is to give the title and author of the book, the date, sign his name, and return the book within three weeks in the same condition in which it was taken out.

If you think that it is easy to

check out a book, you are absolutely right. The idea of the paperback project was to make books easily available, for every Bowie student. Making these books easily available, though, means that every person has a responsibility for returning them promptly and in good condition. The privilege of easy access to these books can very easily be lost if there are flagrant abuses.

So far there have been two-hundred sixty-four people who have taken books from the Reading Room and most seem to be still reading, because few have been returned. Many of these books are strictly for entertainment (for instance, THE GOSPEL ACCORDING TO PEANUTS), and others are more intellectual (KNOWLEDGE, MORALITY, AND DESTINY by Huxley). So whatever your taste in reading there is a good possibility you can find something for you in the paperback selections.

### New Business Manager Arrives At Bowie

Arriving at Bowie State on October 19, 1966 was Bowie's new business manager, Mr. Elwood L. Gebhart. Mr. Gebhart, who hails from Newcastle, Delaware, received his Associate Degree in Accounting at the Eastern College of Commerce, Baltimore, Maryland, and he is now working towards his B.S. Degree. After a ten year tour in the Army, Mr. Gebhart began work with the Maryland Board of Censors for Motion Pictures as Executive Assistant.

Mr. Gebhart has observed a critical personnel shortage at Bowie. At this time there are fourteen vacancies to be filled. Some of these vacancies are for clerks, secretaries, and security officers who, incidentally, will perform a different job than night watchmen. Mr. Gebhart also stated that there are also vacancies for machine operators. Mr. Gebhart has stated that a painter and a storekeeper have recently been hired. He stated that these vacancies to be filled are open to any persons living in the immediate areas. Mr. Gebhart expressed his concern over Bowie's present personnel shortage. In order to alleviate this shortage, Mr. Gebhart stated that a more efficient means of personnel recruitment is needed. Those persons applying for these vacancies must pass a written proficiency examination. Those individuals who pass the examination are placed on a list of eligibles depending upon their scores. Mr. Gebhart further stated, "As long as there is a list of eligibles, those persons selected must be selected from that list." He added that veterans have preference over other applicants. Interviews have already been held at Bowie for a clerk typist, an operator of light equipment, a plumber, and a secretary. It is expected that they will be working soon.

### Coming Movies

The Movie Committee met October 26, 1966 and has selected the following movies for the 1966-1967 school year. They are:

1. Cat on a Hot Tin Roof Elizabeth Taylor Paul Newman
2. Our Man Flint James Coburn, Lee J Cobb, Gila Golan, Edward Mulhare
3. The Carpetbaggers George Peppard, Carroll Baker Alan Ladd
4. Butterfield 8 Elizabeth Taylor, Eddie Fisher
5. Becket Richard Burton, Peter O' Toole, Sir John Gielgud
6. Hush, Hush Sweet Charlotte Bette Davis, Joseph Cotten, Agnes Moorhead
7. 10,000 Bedrooms Dean Martin, Anna Maria

8. The Loved One Jonathan Winters, Sir John Gielgud
9. The Sandpiper Richard Burton, Elizabeth Taylor
10. Sons and Lovers Trevor Howard, Dean Stockwell

### Will You Be The Winner

"Peace is binding" is the principle idea of the essay contest sponsored by Prince Georges County local Lions Club. The purpose of the contest, which terminates January 1, 1967, is to focus the attention of people on the desirability of searching for ideas and developing a plan toward making world peace a reality. Hoping to obtain from this contest the discovery of a workable plan for peace, concentration of attention on the subject of World Peace, and the accentuation of the meaning of freedom and liberty, the Lions Club is inviting the students of Bowie State College who will be less than twenty-two years of age as of January 15, 1967, to contribute their ideas in an essay form, not exceeding 5,000 words. Dean of Students, Dr. Charles Sanders urges all students at Bowie to take advantage of this opportunity to contribute to world peace and earn a scholarship at the same time.

The Plight of Jim Ryan  
Jim Ryan, the world record holder in the one mile run, has been hampered lately by a pain in his back.

X-rays were taken and are still being studied. However, Ryan's doctor, an orthopedic surgeon at the Kansas University Medical Center, informed Ryan that as long as he keeps running, he will have the pain.

Ryan finds it very hard to sprint naturally, and it's very uncomfortable for him to ride in cars.

Is the United States Olympic Team of 1968 destined to participate without the presently 19 year old track star? Time is truly the predominate factor. African Makes Howard's Homecoming a Success

October 22, 1966  
Howard University has its own "Charlie Gogolak" in the toe of Nixon Asomani. Nixon known to his close friends as "Batman," is a native from Accra, Ghana, is presently a senior at Howard.

It was "Batman" who used the now famous "soccer - style" kick to put Howard in the lead in the first quarter of Saturday's game. His conversion stood as the difference between a tie and a victory.

## COMMITTEE

center for all other committees.

a. This committee will act as a coordinating agency of the work of all other committees.

b. This committee will see that all other committees adhere to the policy, role, and area designated as its province.

2. This committee along with the Faculty Council is the chief spokesman for the Faculty in the life of the College.

3. This committee will designate which committees are necessary for the College to function effectively.

4. This committee will define the role of each committee of the College.

5. This committee will appoint or recommend the method of selection of membership of all other committees.

6. This committee will determine the length of tenure for all other committees and their members.

7. The present membership of this committee will serve for a period of two years after which time one member will step down yearly and the new member will be elected by the faculty at large.

#### Recommendations for all Committees

1. Announcements of all Faculty Committee meetings should be placed on the Faculty Bulletin Board one week prior to a meeting.

2. After the first two meetings following the origin of a committee, meeting must be open to all Faculty members who will have no voice in the discussion. The only exception to this rule will be executive sessions (which should be infrequent) and when the nature of the discussion warrants discretion.

3. Approved minutes of committee meetings should be distributed to the faculty prior to subsequent meetings.

4. All committees should present periodic progress reports to the Committee on Committees.

5. Committees should meet at least once every two weeks at a designated time and place. Meetings should not be scheduled in conflict with classes with the exception of emergency meetings which must be ratified by the Committee on Committees.

6. No committee can enact official business unless at least two-thirds of the members of that committee are present.

#### Faculty Council Committee

This committee is composed of members of the Committee on Committees, Area Division Chairmen, the Chairmen of all other committees, and a Chairman to be elected by the faculty. The Chairman of the Committee on Committees shall be the Secretary of the Faculty Council Committee.

The Faculty Council is the most important of all the Committees in that the voice of the faculty is heard through its members. It is the most important on-going body.

The Faculty Council Committee functions in the following ways:

1. Represents and works with the faculty at large.
2. Represents the faculty and works with the Student Council through the Dean of Students
3. Represents the Faculty when dealing with the Administrative Council.

4. Conveys ideas and problems of all Committees to the administration: Dean, President, and the Board of Trustees.

5. The Chairman shall set up regular meetings and set up the agenda for the Council.

6. The Council should make necessary contact with the Faculty Committees, especially their Chairmen, and with the Student and Administrative representatives.

7. The recommendations of the Faculty Council will be made known to all faculty members as well as the administration; those effecting students will be made known to the Student Council.

8. All approved minutes of the Faculty Council should be circulated to the faculty prior to

a subsequent meeting.

9. The Chairman of the Faculty shall serve for a term of two years.

#### In Service Committee

1. Dr. Meehan (Chairman)
2. Dr. Young
3. Mr. Bessicks
4. Mr. Thomas
5. Dr. E.E. Jones

This committee shall function in the following ways:

1. Coordinates in service activities such as instructional programs for faculty, forums, and seminars.

2. Plans and executes in-service programs other than those planned by Divisions and Departments.

3. Work in close cooperation with Division Chairmen and Heads of departments in an effort to stimulate additional in-service instructional programs.

4. To utilize the findings of the Community Survey Committee in planning in service instructional and activity programs.

#### Community Survey Committee

- Mr. Cox  
Dr. Herboso Co-Chairmen  
Miss Noleen  
Miss Parker  
Mr. Jordan  
Mrs. Peters  
Dr. Spellman

1. Will determine all areas of mutual interest between community and college.

2. Will determine the nature of all available nearby resources.

3. Will determine the nature of all local civil problems

4. Will inform the community of some of the problems facing the college.

5. Will determine the method of bringing before the State Legislature areas of mutual concern to the community and college.

6. To serve as a source of establishing good public relations.

7. To determine curriculum needs based on community needs and interest.

8. To survey community services available to the students of the College.

#### DR. YOUNG

the American Anthropological Association, and other professional organizations. Dr. Young has been a teacher at Bowie since 1945, and has concentrated mainly on the areas of sociology and anthropology.

Dr. Young

#### SCIENCES

and varied with a great demand at all levels. Certification requirements for teaching on the secondary level may also be met in this area.

The student interest manifested in the social sciences has made its voice heard on this campus by the formation of an allied organization, The Anthropology - Sociology Club. This newly implemented association has now launched out on a program to help keep the spirit of inquiry vital. Its agenda will appeal to those people who are desirous of good open discussions on current issues which are affecting all humanity.

#### PETTIGREW

It is interesting to note that Mr. Pettigrew obtained his B.S. Degree from Bowie State College as a member of the class of '42. Prior to his installation as President to the MSTA in October, Mr. Pettigrew was instructional supervisor of elementary schools in Anne Arundel County. Mr. Pettigrew was serving as second vice-president of MSTA and was member-at-large of the Executive Board for the two previous years. It was not necessary for him to run for election as president because of a bylaws change made by the Representative Assembly last October which provides for the automatic succession of the second-vice-president to the Presidency.

#### ACADEMIC

##### Student Records

1. Separation of academic and disciplinary records.
2. Disallowance of records kept on political beliefs.

##### Student Affairs

1. Freedom from arbitrary discrimination
2. Freedom of Association
3. Freedom to express views on institutional policies

##### Student Publications

1. Freedom from censorship and advance approval of copy
2. Freedom of editors to develop editorial policies
3. Financial independence
4. Utilization by editor of responsible journalism

##### Off-Campus Freedom of Students

1. Exercise of rights of citizenship; constitutional freedoms
2. Separation of institutional authority and community pressures.

##### Standard Procedure of Disciplinary Proceedings

1. Notification of expected standards of conduct by handbook, etc.
2. Appropriate investigation of student conduct
3. Informing of student rights after detection or arrest.

##### Maintenance of student status, pending action

##### Hearing Committee Proceedings

1. Combination of students and faculty or simply the faculty.
2. Notification of reasons for action to the student through a written statement.
3. Assistance to student by adviser of his choice
4. Upholding of charges given only by proof from persons bring the charges
5. Freedom of the student to question any witness or bring forth witnesses in his behalf
6. Preliminary presentation of matters upon which the hearing will be based.
7. Utilization of a digest and verbatim record in the absence of a transcript.
8. Decision of hearing committee being final, but subject to appeal to the governing board of the institution.

#### CENTRAL

Bowie State College Alumni Association notifying them of chief events. More events need to be definitely scheduled. The presidents of all the colleges in Maryland are being invited as honored guests for Founders' Day.

Dean Sanders has been trying to arrange for a popular musical group to visit the campus of perform nearby. Sale of tickets for such an event might net a profit that could be used to publish a more elaborate centennial brochure and bring other outstanding cultural activities or speakers to the campus this year. Each department and selected organizations of the college are being asked to have displays or demonstrations in various classrooms ready for visitors at 3 P.M. on Founders' Day.

Decals reading Bowie State Centennial, special stationery, a centennial rubber stamp have been ordered, a printed invitation, and an illustrated history of the college prepared by Miss Constance Racht and Miss Alfredella Noleen have also been ordered. Everyone should have noted the display of old photo-

graphs, prepared by Miss Racht, at the entrance of Banneker Hall. Caps and gowns for the faculty to wear November 17 and 100 printed posters are being ordered. Mr. Jake Cox has secured printing estimates.

Dean Sanders and Dr. Brown are drawing up a list of outstanding dignitaries to be an Honorary Centennial Committee.

R.D. Brown, Allen Brown, Jake Cox, Constance Racht, Virginia Roach, Sandra Johnson and Fern Thompson were chosen to draw up final details of the two programs on Founders' Day and to put together the Centennial brochure.

The Nigerian Lecture of October 13 and exhibit still in the Student Union and the N.E.A. Assembly, November 10, have been designated Centennial events.

## Summer Employment

#### Opportunities in The Federal Government

Office and Science Assistant; Examination for 1967 issued September 23, 1966, closing date is, January 9, 1967.

Thinking about a federal job for next summer? Examinations will be given at specified places in the near future. The jobs are located in Federal agencies and installations throughout the United States, including the Washington, D. C. Metropolitan area. Applications and further information is available at the Student Personnel.

## Social Work Careers

The Health and Welfare Council of the Baltimore Area is sponsoring a program which provides an equal opportunity for college men and women to become personally acquainted with professional social work in a social agency, lasting about eight weeks. Positions in both public and private agencies and institutions are available.

#### Requirements:

- a. Age 18 or over
- b. Resident of Maryland
- c. Matriculation in an accredited college and planning the junior or senior year of college in the fall of 1967
- d. At least one course in sociology, economics, social work, psychology is desirable.
- e. Demonstration that he or she is seeking to clarify career interest or strengthen vocational goals through this work experience.

Address all inquiries to: Ruth Schwartz, Health Welfare Council 10 South Street, Baltimore, Maryland 21202.

## From The Bench

By Wendell Holloway

Mr. A.C. Jordan, president of the Maryland Intercollegiate Conference and Head Coach of the Bowie State College Basketball team, reported the results of the "Athletic Conference" meeting held at Coppin State College on October 20, 1966 to the "College Ear". The conference officials announced the sites and dates of championship tournaments and discussed plans to expand its athletic program to include more sports.

The schools belonging to the M.I.C. are Coppin State College, Frostburg State College, Salisbury State College, Gallaudet College, D.C. Teachers College, and Bowie State College.

The annual basketball championship tournament will again be held at Frostburg State Col-

Mike: Hey, Bill. Where are you going?

Bill: I'm on my way to the "Lampost"

Mike: The "Lampost"? What's that?

Bill: Man, that's where guys talk about the latest on men's fashions.

Mike: Well, let's go check out the latest.

Guys: Hey, Bill. What's happening?

Bill: Hey, fellows. What's the latest talk around the "Lampost"?

Jerry: The three - piece pin - stripe suit with a colored scarf and a polka dot tie is in.

Bill: I dig it, Man. Are you aware that they aren't matching the tie and the scarf anymore?

Jerry: Yeah, I've been checking that out. According to "Esquire", as long as the colors blend, you are in "whats' happening".

Bill: Do you think the valour hats are in?

Jerry: Man, are you joking? A three - piece suit and a valour hat with a pair of cordovan shoes mean a guy is "clean".

Jerry: Hey, Bill. Where are you going now?

Bill: I'm going to the "SUB"

I'll check you guys out next week.

Jerry: Check us out where, Man?

Bill: Where else! Here at the "Lampost"

lege on February 25 and 26 of 1967. The M.I.C. tennis tournament will be held on May 6, 1967 at Gallaudet College. The track and field championship meet will be held here at Bowie State College also on May 6, 1967

Bowie State College is planning to participate in intercollegiate tennis for the first time this year. Matches have been scheduled with Coppin State College, Gallaudet College, and D.C. Teachers College. Mr. Jordan announced that the M.I.C. will sponsor intercollegiate golf in 1968.

#### Basketball Outlook

Basketball season is just around the corner. Bowie State College's "basketball machine" is beginning to shape up into what may be one of Bowie's best.

There are twenty candidates for the varsity team which includes only three returning lettermen - George Smallwood, Bernard Young, and Arnold Ballard. "The team lacks height, but we show great potential," stated Coach Jordan. "This select group of young men have the will to win and really want to play!"

When asked how he expected the team to fare this season, Coach Jordan modestly replied, "I feel that this will be one of our better years!"

#### Last Week-end Scores

Howard 7, Fisk 6.  
Hampton Institute 7, Virginia state 0.

Morgan State 38, Delaware State 6.

North Carolina College 12, Maryland State 6.

Bowie Falls to Mt. St. Agnes 2-0

Last Saturday morning the Bowie field hockey team succumbed to the "lucky" offensive drives exhibited by the girls from St. Agnes.

Our Bowie girls gave an excellent show of teamwork, but were unable to score a goal.

In the second half, Bowie's defense tightened up and did not allow another goal until the fourth period of play.

The final score - Mt. St. Agnes 2 - Bowie 0).
