INTRODUCTION

The U.S. Department of Education has committed to assisting schools in providing students Nationwide a safe environment in which to learn and to keep students, parents and employees well informed about campus security. These goals were advanced by the Crime Awareness and Campus Security Act of 1990 also known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The Department of Education is committed to ensuring that postsecondary institutions are in full compliance with the Clery Act as required for all colleges and universities that participate in federal financial aid programs. These institutions of higher learning must keep and disclose information about crime on and near their respective campuses. As such, Bowie State University is also committed to providing an academic and work environment free from all forms of discrimination, including discrimination on the basis of sex. Title IX of the Education Amendments of 1972 (“Title IX”) and Title VII of the Civil Rights Act of 1964 (“Title VII”) prohibit discrimination on the basis of one’s sex in federally-funded educational programs and activities, as well as in the terms and conditions and privileges of employment. The University prohibits discrimination on the basis of sex in its education programs and activities.

Bowie State University was founded in 1865, is the oldest Historically Black College/University in the State of Maryland, and one of the ten oldest in the country. It is a diverse university with 6,000 plus students, along with faculty and staff, representing many ethnic and cultural backgrounds.

Bowie State University provides high-quality and affordable educational opportunities for students with ambitions to achieve and succeed. In addition to its 23 undergraduate majors, Bowie State University offers 35 Masters, Doctoral, and advanced certification programs with specific focus on science, technology, business, education and related disciplines. A supportive academic environment empowers students to think critically, make new discoveries, value differences and emerge as leaders in a highly technical, rapidly changing global society.

As a member institution of the University System of Maryland, Bowie State University upholds the System’s mission of providing high-caliber, accessible, and affordable educational opportunities. Bowie State University is in the midst of one of the nation's most exciting metropolitan areas, within easy reach of Washington, DC, Annapolis and Baltimore. At the same time, it boasts a serene campus on a 300-acre suburban wooded tract with a new 95,000 square-foot student center which opened in August 2013. With seven residence halls, the University is a hub of 24/7 undergraduate life, yet it also offers convenient evening classes and online courses to serve employed professionals seeking to move ahead in their careers.

THE BOWIE STATE UNIVERSITY DEPARTMENT OF PUBLIC SAFETY (BSUDPS)

The Department operates a full-service sworn police department within the State of Maryland, exercising jurisdiction on property owned, operated and/or leased by Bowie State University. The
police department is vested with full police powers under the provisions of the Education Article Title 13-601 which provides the authority for the University System of Maryland (USM) to have a police department. The Board of Regents adopts the standards, qualifications and prerequisites of character, training, education, human and public relations, and experience for University System of Maryland police officers. All police officers are fully-trained and certified by the Maryland Police Training Commission in all areas of law enforcement, including criminal investigation, patrol procedures, traffic control, and the use of firearms.

The Department provides 24-hour, seven-days-a-week police and security services to the campus community. In addition, the University has mutual aid agreements with the Maryland State Police and the Maryland Transportation Police Department.

The BSU Police Communication Operators (PCOs) use telephones, two-way radios and surveillance cameras on a 24-hour basis to provide information to respond to emergencies. Police Communications Operators can instantly dispatch the BSU police, the fire department or emergency medical services by radio as well as communicate with local police, when needed.

**CRIME PREVENTION**

The Department has developed a proactive crime prevention program to educate members of the University community on current topics, trends, and techniques in reducing and preventing crime within our community. Through the use of newsletters, special bulletins and fliers, the University community is kept abreast of special problems impacting the community and precautions that should be taken. Crime prevention seminars are conducted to provide instructional presentations on various topics to include, Acquaintance Rape and Sexual Assaults, Operation Identification and property protection efforts, Residential Hall security, and Drug and Alcohol prevention programs. The Department is also a resource for physical security surveys for the buildings and offices on campus.

In August and January during orientation, students are informed of the services offered by the Bowie State University Department of Public Safety. Crime prevention, safety programs and emergency management training are presented during the course of each semester. The resident students are instructed on how to protect their personal safety, secure their possessions, and lock their doors.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

**EMERGENCY RESPONSE AND EVACUATION PROCEDURES**

The University has an Emergency Management Communication Plan in place to respond immediately to a crisis at the main campus. The Emergency Management Communication Plan is a part of the University Emergency Management Plan and is designed to assist in crisis management situations.

In the case of some unforeseen event, the University’s Emergency Management Team (EMT) will be convened to respond to an incident or crisis and to deploy an internal and external communications strategy. The EMT is comprised of the President, Cabinet members, the Chief of Police and the Director of Facilities.
The EMT will conduct a situational assessment to determine the severity of the incident or crisis regarding a crime on campus, campus violence, a Clery Act reportable incident, a threat made against the campus, a serious security issue in the area or near campus, a partial or full campus loss, or an incident involving University employees or operations.

Upon assessment of these or other incidents that threaten the University, the EMT will execute actions pertinent to the incident, execute internal and external communication response protocols, debrief, and document.

**EMERGENCY RESPONSE AND EVACUATION TESTING PROCEDURES**

- The University conducts building evacuation drills to familiarize students, faculty and staff in the evacuation procedures, location of exits and meeting locations.
- A test of the University’s Emergency Blue Light Phones, Panic Buttons and Siren Systems are conducted on a regular basis.
- The President’s Cabinet, Chief of Police and other groups conduct table-top exercises dealing with all types of emergency and hazardous incidents.

**TIMELY WARNINGS:**

In the event a situation arises and depending on the particular circumstances, if in the judgment of the Director of Public Safety it poses an immediate or continuing threat or is unusual in nature, a timely warning will be sent. These methods of communication include network emails through Community Broadcasts, emergency text messages through BEES (Bowie State University Electronic Emergency System) that can be sent to subscribers through any of the following electronic devices; mobile phone, Blackberry, Smart phone, Wireless PDA, Pager, Email account, Web Page, optional landline phone (voice message), siren system and security alerts posted prominently throughout the campus. Students, faculty and staff must sign-up annually for BEES service via the BSU website. It will be the responsibility of the Chief of Police or his designee to send the Timely Warning in the event of an emergency.

**EMERGENCY NOTIFICATION (Non-criminal emergency):**

When a significant health or safety emergency, or some other dangerous situation occurs on campus, campus community members are immediately notified once the threat to the University community has been verified and the notification does not interfere with efforts to respond to the emergency.

Bowie State University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise effort to assist a victim or to contain, respond to, or otherwise mitigate the emergency. It will be the responsibility of the Chief of Police or his designee to send the Emergency Notification.
NOTIFICATION SYSTEM

- University-Wide BLAST - In case of a campus emergency, the Office of University Relations & Marketing’s designee will transmit an emergency campus-wide BLAST providing emergency information and direction to all University e-mail addresses.
- Bowie Electronic Emergency System (BEEES) - In case of campus emergency, DPS Personnel will transmit an emergency text message to multiple wireless carrier networks.
- In case of campus emergency, the DPS dispatcher will transmit pre-recorded information and instructions through the siren/public address system.
- In the event of a campus emergency, the Department of Public Safety (DPS) personnel will communicate using the two-way police radio. Each member of DPS, including the police dispatcher has been issued a VX-924 VHF/UHF portable two-way radio.

EMERGENCY MANAGEMENT

An emergency or a disaster may occur at any time, with little or no warning. Disasters may affect residents in the geographical location of the University, and government emergency services may not be available. Whenever an emergency affecting the University reaches proportions that cannot be handled by routine measures, the President or his designee may declare a state of emergency and implement the Emergency Management Plan. For complete details, please view on website at URL:
http://www.bowiestate.edu/campus-life/campus-police/emergency-preparedness/

The President has designated the Vice President for Student Affairs to oversee campus emergency planning, prevention, preparedness response, safety and security. The establishment of clear lines of authority for overseeing and managing emergency incidents and responding to emergencies, based on principles of Incident Command Systems (ICS) and National Incident Management Systems (NIMS), are the responsibility of the BSU Incident Commanders:

- Chief of Police
- Captain/Asst. Chief
- Lieutenant, Operational Commander
- Lieutenant, Investigations
- Shift Sergeant
- Officer In Charge (OIC)
- First responding sworn University Police Officer

DAILY CRIME LOG

The Department of Public Safety maintains a Daily Crime Log that records by date, time, and location of all crimes and other serious incidents that occur on campus, in a non-campus building or property, on public property, or within the department’s patrol jurisdiction. The Daily Crime Log is available for public inspection at the department headquarters located on the main campus in McKeldin Gym and on the Campus Safety website.

The Daily Crime Log includes the nature, date, time, and general location of each crime reported to the department, as well as the disposition of the complaint, if the information is known at the time the log is created. The department reserves the right to exclude reports, if under active investigation. The BSUDPS also monitors county police activity (Prince George’s County Police Department) to keep abreast of any criminal conduct in areas surrounding the campus.

DRUG INFORMATION
The Bowie State University Department of Public Safety (BSUDPS) can be reached by phone at (301) 860-4040 twenty-four hours a day. Anyone with concerns of illegal drug activity can contact the police while remaining anonymous. All information received will be acted upon to the fullest extent possible and will be treated with the utmost confidentiality.

**PROCEDURES FOR ACCESS TO BSU CAMPUS AND THE BUILDINGS DURING SECURITY HOURS**

The University is a public institution, therefore, the majority of the buildings and grounds are generally accessible to the public during normal business hours. It is the policy for anyone accessing the BSU campus buildings during security hours (non-business hours) to have a letter of authorization granting permission to enter a particular building or office from the Director/Head of his/her department. This letter is then presented to BSUDPS before access can be granted. Any person visiting a BSU Residence Hall must sign-in on the desk roster located in each hall entrance. The Residence Halls have security guards monitoring each building during security hours. All other buildings are off limits unless special permission has been granted to enter after non-business hours.

**PROCEDURES FOR REPORTING MISSING STUDENTS RESIDING ON CAMPUS**

If a member of the University community has reason to believe that a student who resides on campus is missing, he or she should immediately notify the Bowie State University Department of Public Safety (BSUDPS) at 301-860-HOTT (4688) or 301-860-4040. Missing student notification procedures require that any official missing resident report (on-campus resident) must be referred immediately to the BSU Department of Public Safety. The BSUDPS will generate a missing person report and initiate an investigation.

After investigating the missing person report, should the BSUDPS determine that the resident is missing and has been missing for more than 24 hours, the BSUDPS will notify the Prince George’s County Police Department and the missing resident’s contact number no later than 24 hours after the resident student is determined to be missing. If the missing resident is under the age of 18 and not an emancipated individual, the BSUDPS will notify the resident’s parent or legal guardian immediately after the BSUDPS has determined that the resident has been missing for more than 24 hours.

In addition to registering an emergency contact, residents residing on campus have the option to identify confidentially an individual to be contacted by the University in the event the resident is determined to be missing for more than 24 hours. If a resident has identified such an individual, BSUDPS will notify that individual no later than 24 hours after the resident is determined to be missing. Under section 485(j) of the HEA, only authorized campus officials and law enforcement officers in furtherance of a missing person investigation may have access to this confidential contact information.

**BOWIE STATE UNIVERSITY CODE OF STUDENT CONDUCT**

Bowie State University is a learning community. In order for the University to meet its educational goals, we must be a disciplined community. Such a community offers an environment that allow individuals to develop to their full potential. To that end, the University has created a set of standards regarding personal conduct within this community. Personal responsibility and respect for others are the essential values underlying these standards.
Teaching students to accept responsibility for their behavior and to respect the rights of others is a high priority for our university community. The community benefits from this instruction through the improvement of the learning environment. Students become more productive when they have adopted these values. One of our responsibilities is to challenge behavior that violates the rights of others or which violates the laws of the larger society. By holding each student to a high standard of behavior, we protect both the campus community, and promote the moral and ethical development of students. In doing so, we have an obligation to regard each student as an individual, deserving individual attention, consideration and respect. Behavior, which is prohibited by these standards, is outlined within the code. These standards arise from the important values of personal responsibility and respect for others. By presenting these to you, we hope to begin a process that will lead to your support of the guidelines and the values upon which they are based.

We believe that the educational focus of our institution will be served best by a serious commitment to helping students develop responsible personal attitudes and behavior. We feel it is our responsibility to establish behavioral guidelines that are stated clearly and to define the consequences for those acts outside of these guidelines.

We intend to fulfill this goal by making these guidelines and consequences well known to all members of our community. It is our hope that the response to these expectations will be a positive one that enables our community to better achieve its educational mission and to affirm the wholeness of that mission, inside and outside of the classroom.

We intend to fulfill this goal by making these guidelines and consequences well known to all members of our community. It is our hope that the response to these expectations will be a positive one that enables our community to better achieve its educational mission and to affirm the wholeness of that mission, inside and outside of the classroom.

**PURPOSE, GENERAL PROVISIONS & PHILOSOPHY**

The primary purpose of the Code of Student Conduct is to serve the interests of both the BSU community and the individual student by:

1. Prescribing the standards of behavior and conduct expected of students;
2. Outlining actions which can be taken when misconduct occurs;
3. Establishing procedures which ensure due process in the adjudication of complaints concerning students; and,
4. Imposing sanctions in the University setting to protect, deter, and educate students that violate the Code of Student Conduct.

**Student Rights and Responsibilities**

Joining the Bowie State University (BSU) family is an honor and requires each individual to uphold the policies, regulations, and guidelines established for students, faculty, administration, professional and other employees, and the laws of the State of Maryland. All members are required to adhere to and conform to the instructions and guidance of the leadership of their respective area. Therefore, the following are expected of all BSU students:

- To respect himself or herself
- To respect the dignity, feelings, worth, and values of others
- To respect the rights and property of others and to discourage vandalism and theft
- To embrace diversity, while striving to learn from differences in people, ideas, and opinions
• To practice personal, professional, and academic integrity, and to discourage all forms of dishonesty, plagiarism, and disloyalty to the Student Code of Conduct
• To foster a personal and professional work ethic within the BSU family
• To encourage a fair, productive atmosphere among peers, and be fully responsible for upholding the BSU Student Code of Conduct.

The Students Judicial Programs Office promotes the concepts of fundamental fairness in judicial settings throughout the University community, while striking a balance between community standards and individual behavior through the educational development of students. All students are subject to the Code of Student Conduct.

1) Individuals who are not currently enrolled at the University remain subject to the disciplinary process for conduct that occurred during any period of enrollment;
2) for conduct that occurred during a period between any consecutive semesters, terms, or summer sessions for which they are enrolled;
3) for conduct that occurred during the time after admission to the University but prior to first enrollment; and,
4) for statements, acts or omissions related to application for enrollment.

BSU is strongly committed to an academic environment which supports the humanity and dignity of all persons. As such, any behavior which threatens that principle shall be subject to severe sanctions. In this regard, any physical or sexual assault or other act which threatens the safety or well-being of other persons shall be viewed as extremely serious and subject to the most serious sanctions, including suspension or expulsions from the University.

BSU is also strongly committed to an academic environment that supports the health, safety, and well-being of all persons. Any behavior that is deemed to have violated this principle shall be subject to sanctions. To that end, the possession, use, or distribution of controlled dangerous substances or alcohol shall be viewed as extremely serious. Violations of this kind shall subject a student to the most serious sanctions, which may include suspension or expulsion from the University.

The University is committed to an academic and employment environment free from unwelcome sexual advances, requests for sexual favors, and other forms of sexual harassment. Sexual Harassment is a form of sex discrimination and is illegal. Harassment and retaliation against persons filing discrimination charges is illegal and against Bowie State University policies. (For a full copy of the Policy: http://www.bowiestate.edu/gc/university-policies/section-vi-general-administra/vi-1-40-sexual-misconduct/)

All proceedings of the University’s student judicial process are confidential in accordance with the Family Educational Rights and Privacy Act (FERPA), the University’s Policy on the Disclosure of Student Records states that students’ judicial and disciplinary records are educational documents. The Student Right-to-Know and Campus Security Act allows institutions to inform victims of the outcome of student judicial proceedings as relates to an alleged crime of violence defined by the U.S. Code. The Student Right-to-Know and Campus Security Act was amended by the Higher Education Amendments of 1992 (sometimes known as the Campus Sexual Assault Victims Bill of Rights Act) requiring the University to inform the victim of an alleged sexual assault of the final outcome of the student judicial proceedings against the charged student.
Although all Judicial Proceedings are considered confidential, FERPA permits and, in some cases require the release of these records, with or without notice to the student. Some of the exceptional circumstances recognized in FERPA include, but are not limited to, release in response to a subpoena, release of parents of income tax dependent students, and permissible disclosure to parents or legal guardians of the results of disciplinary hearings if the student is less than 21 years of age and has been found responsible for violating campus policy regarding the use or possession of alcohol or a controlled substance. The University may be compelled, under the Maryland Public Information Act, to release disciplinary records of students found to have committed crimes of violence and non-forcible sex offenses.

**Conduct Board.** Hearings before the Conduct Board will be reviewed in accordance with rights afforded by the Code of Student of Conduct. The hearing shall be prompt, fair, and impartial and conducted by board members who have received annual training on sexual misconduct encompassing University policy, procedure, and appropriate considerations under hearing processes.

Both parties have significant rights, including the right to an advisor or his/her choice during the investigation and hearing process; the right to be treated with respect, the right to a Conduct Board comprised of representatives of both genders; the right to review all documentary evidence available regarding the complaint; the right to question all witnesses who are called to give testimony; the right to introduce new evidence not presented or taken into consideration during the investigative phase and the right to request and appeal of the hearing board's determination. Both parties will receive written notification of determination and sanction, if applicable, imposed by the Conduct Board and the procedure for filing a request for appeal. The University shall not publically disclose the name of either party, unless as required by law.

Determination of sanctions is based on what is appropriate to the violation. Sanctions for violation of this Policy include warning, probation, and removal from housing, suspension or expulsion. In determining the appropriate sanction, the Conduct Board will consider cause of the behavior, severity of the conduct, previous conduct history, University precedent, and the welfare of the Complainant and the University community.

**Non-Academic Grievance Procedure for Students**

Students who feel that they have a non-academic complaint(s) against a faculty member, administrative staff or other personnel at the University have a right to have their concerns addressed. If a student has an EEO-related complaint alleging acts of discrimination on the basis of race, color, religion, age, ancestry or national origin, sex, sexual orientation, disability, or marital or veteran status against an employee, the complaint should be filed with the Office of Equity Compliance (EEO/Title IX), located in the Office of Human Resources, Robinson Hall in Room 4.

**University Standards of Behavior, Including Personal and Group Conduct**

The following forms of conduct are prohibited by Bowie State University and are subject to disciplinary action. It should be clarified that penalties for off-campus misconduct will not be deemed more severe than for penalties for similar on-campus misconduct. University Judicial Action may be taken simultaneous to any additional Civil or Criminal legal court actions. (Excluding the Riot Policy, see Violation #31)
**Destructive Behaviors Involving Harm To Self-And/or Others Arising From Psychological Issues**

These are the procedures that will be conducted by Bowie State University in the event of an act of destructive behavior involving harm to self and/or others committed on the University campus. The University recognizes that these acts may stem from psychological problems. Bowie State University’s policies and procedures on destructive behaviors are applicable to all Bowie State University students.

Bowie State University is dedicated to providing an environment that provides for the physical, emotional, and psychological well-being of its constituents. Therefore, harm to self or others on the University campus will be addressed in a proactive manner. Harm to self may include, but is not limited to, such acts as cutting, suicidal attempts, repeated accidents, or dangerous behaviors. Harm to others may include, but is not limited to, such acts as assault, sexual assault, or domestic violence.

Information regarding harm to self or others will be referred to such appropriate persons as Public Safety, Vice-President for Student Affairs, Director of the Henry Wise Wellness Center, and Counseling Services. Confidentiality of records and/or information will be appropriately maintained. Any Bowie State University student who has engaged in harm to self and/or others will be treated as a medical, psychological, and/or Public Safety emergency. A Public Safety representative will assist in making a general assessment of the potential emergency and contacting other appropriate personnel.

Once the problem has been deemed a medical or psychological emergency, Public Safety or the University Wellness Center staff will summon an ambulance and specify that the student be transported to the hospital. If the student refuses to be transported to the hospital, an emergency petition may be sought by Public Safety. In other cases, parents or guardians may be contacted and required to escort the student.

A written letter stating requirements for re-entry to the University will subsequently be provided to the student by the Office of Student Affairs. The letter will state that the student will not be allowed to return to class and/or the residence halls until cleared by his or her licensed mental health professional such as a psychiatrist and/or psychologist. When a student cannot speak or comprehend coherently, a family representative will be contacted and apprised of the need for medical documentation prior to clearance to return to the University.

If a student fails to provide the required medical documentation after proper notification, the Vice-President for Student Affairs or designee will intervene to ensure that the student is withdrawn from class and a notification of such will be provided to faculty.

A student involved in a situation involving harm to others will undergo a hearing conducted by the University Judicial Board. A student may request an appeal of a decision rendered by the University Judicial Board by contacting the Vice-President for Student Affairs. Upon re-entry to Bowie State University, a student may subsequently be required to see a counselor in Counseling Services or continue with a treatment plan with an outside professional. In some cases of harm to self or others, a student may be subject to an involuntary administrative withdrawal from Bowie State University.
Illegal Use or Possession of Alcoholic Beverages
Bowie State University does not encourage or support alcohol use on campus. Unauthorized possession, use, or distribution of alcoholic beverages is prohibited by any student or student group on campus or at University-sponsored events on and off campus. Authorization must be obtained by the Vice President of Student Affairs. Under no circumstances is alcohol permitted in any residential facility owned and operated by the University. According to Maryland law (HB 1395), anyone who willfully furnishes an alcoholic beverage to any individual under the age of 21 years can be charged a fine not exceeding $1000 or 60 days imprisonment or both.

Misconduct Involving Illegal Drugs or Controlled Substances
The University prohibits the possession, use, distribution, or sale of any illegal drugs or controlled substances on the campus, the areas surrounding the campus, or at University-sponsored events on and off campus. Students found responsible of violating the policy (as set forth below), will be subject to disciplinary action which could include suspension from the University. It is the expectation of Bowie State University that students, faculty, and staff who observe or suspect that a violation of the substance abuse policy is being committed in noted jurisdictions will report it to the appropriate authorities. While the major thrust of Bowie State University is drug education and prevention, the University will take appropriate disciplinary action to provide a drug free environment in which our students may grow intellectually and socially.

Disruptive Behavior
The University prohibits disorderly or disruptive conduct which substantially threatens, harms, or interferes with university personnel or orderly university processes and functions. Disruptive behavior includes indecent exposure, lewd behavior, bomb threats, false fire alarms and other actions which disrupt normal university functions, activities and processes. A faculty member may require a student to leave the classroom when his/her behavior disrupts the learning environment of the class. A student found responsible for disruptive behavior in the classroom may be administratively withdrawn from the course.

Violence to Persons
The University prohibits acts of violence to other persons by individuals or groups. Acts of violence for the purposes of this section include assault, hazing, battery, and/or actions in reckless disregard of human life and safety. Assault includes verbal or written acts which place a person in personal fear or which have the effect of harassing or intimidating a person. Battery includes the unauthorized touching of another person. Students found responsible for violence to persons involving serious physical injury will be subject to a recommendation of suspension or expulsion from the University. You may access the complete Code of Student Conduct on the Student Affairs webpage under Judicial Programs. Hard copies may be obtained from the Division of Student Affairs, Henry Administration Building Room 2500.

SEXUAL OFFENSE PROGRAMS
In accordance to the “Campus Sex Crimes Prevention Act” of 2000, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the Bowie State University Department of Public Safety is providing a link to the Maryland Sex Offender Registry. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. The website for the Maryland Sex Offender Registry is:

SEXUAL MISCONDUCT POLICY (BSU Policy VI-1.40)

Bowie State University (the “University”) is committed to providing an academic and work environment free from all forms of discrimination, including discrimination on the basis of sex. Title IX of the Education Amendments of 1972 (“Title IX”) and Title VII of the Civil Rights Act of 1964 (“Title VII”) prohibit discrimination on the basis of one’s sex in federally-funded educational programs and activities, as well as in the terms and conditions and privileges of employment. The University expressly prohibits non-compliance with Title VII and Title IX and any acts of discrimination on the basis of sex in its education programs and activities.

Sexual Misconduct is a type of sexual harassment and is non-consensual behavior that is sexual or gender-based in nature. Sexual Misconduct can occur between acquaintances or strangers, including individuals involved in an intimate or sexual relationship. It can be committed between a male and female or members of the same sex.

Sexual Misconduct, as defined by this Sexual Misconduct Policy is a type of sex discrimination. Sexual Misconduct includes sexual harassment, sexual assault, sexual violence, domestic violence, dating violence, sexual exploitation, sexual intimidation, and stalking. Sexual Misconduct is strictly prohibited by state and federal law, as well as this Policy.

(For the complete BSU Sexual Misconduct Policy, see the following link: http://www.bowiestate.edu/gc/university-policies/section-vi-general-administra/vi-140-policy-on-sexual-misc/)

CONFIDENTIALITY AND STUDENT REPORTING

Individuals who experience Sexual Misconduct or become aware of an incident of Sexual Misconduct are strongly encouraged to report the incident immediately. Any student who believes that she/he has been subjected to Sexual Misconduct may request that an investigation be conducted. In addition, the University may initiate an investigation once it becomes aware that an incident has occurred. Although there is not a time limit for invoking this Policy, prompt reporting enhances the University’s ability to investigate and gather relevant physical evidence, including obtaining witness testimony and taking necessary action. The University has an obligation to investigate all incidences of Sexual Misconduct regardless of whether the students involved are still enrolled at the University. However, the student disciplinary process is only an option while the respondent student remains a University student. Student discipline is no longer an option after the respondent student graduates or otherwise leaves the university. University employees, depending upon their roles on campus, have varying reporting responsibilities and duties to maintain confidentiality of information regarding Sexual Misconduct shared with them.

“Responsible employees” are identified in Section VI. B. of the Sexual Misconduct Policy and are those employees required to share reported details and personally identifiable information with the Title IX Coordinator. The following are Responsible Employee examples:

- Supervisors; Administrators; Athletic Coaches and Trainers; advisors to student organizations; all faculty; University security personnel and police officers; and Residence
Directors and Resident Assistants (RA’s). Notice to these individuals is considered official notice to the University.

“Confidential employees” are those employees holding positions provided in Section VI. C. of this Policy who will not report any details or personally identifiable information shared with him or her without consent, unless the information relates to an imminent threat to the health or safety of an individual or the University community. The following are examples of confidential sources for assistance:

- Sexual Assault Response and Prevention Program Coordinator in the Henry Wise Wellness Center (301-860-4174),

The remaining employees, while not required to report knowledge of Sexual Misconduct to the Title IX Coordinator, are encouraged to share reported details with the Title IX Coordinator if a report of Sexual Misconduct is shared with them. If an individual is not certain of an employee’s reporting requirement, please inquire with the University’s Title IX Coordinator before disclosing information. The Title IX Coordinator is responsible for accepting and processing complaints and reports of Sexual Misconduct by University students and employees. The University encourages prompt reporting to the Title IX Coordinator, by telephone at 301-860-3442, by email at TitleIXCoordinator@bowiestate.edu or in person at, Robinson Hall, Department of Human Resources - Room 4. **Sexual Misconduct Definitions pursuant to BSU Policy:**
Sexual Misconduct includes sexual harassment, sexual assault, sexual violence, domestic violence, dating violence, sexual exploitation, sexual intimidation, and stalking.

**Sexual Harassment** - Sexual Harassment is defined as unwelcome sexual advances; unwelcome requests for sexual favors; or other verbal or physical conduct of a sexual or gender-based nature where:

1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, evaluation of academic work, or participation in an educational program or activity;
2. submission to or rejection of such conduct by an individual is used as the basis for academic, employment, or activity or program participation related decisions affecting that individual; or
3. such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance, i.e., it is sufficiently severe or pervasive to create an intimidating, hostile, humiliating, demeaning or sexually offensive working, academic, residential or social environment.

The determination of whether conduct is “hostile” is based on the severity, persistence, or pervasiveness of the behavior, and is evaluated based upon both the subjective (the Complainant’s) and objective (reasonable person’s) perspective.

Sexual harassment can be committed based upon an individual’s sex, gender identity, sexual orientation or gender expression.

Sexual harassment is one-sided, is undeterred, and usually involves unequal power status and/or intimidation (e.g., faculty member to student, supervisor to subordinate, coach to athlete). Sexual harassment can also occur between equals (e.g., student to student, staff to staff, faculty member to faculty member) or unequal power status (e.g., student to faculty member).

**Examples of Sexual harassment include, but are not limited to:**

- Sexual pranks or repeated sexual teasing, jokes or innuendo
- Unnecessary touching or grabbing another’s body or clothing
- Repeated unwelcome invitations for dates or to socialize during off-duty or non-class hours
- Requests or pressure for sexual favors accompanied by implied or overt promise of rewards or threats
- Gender-based bullying/cyber bullying

**Sexual Assault** - Bowie State University recognizes two levels of sexual assault.

**Sexual Assault I** - Non-Consensual Sexual Intercourse: Any act of sexual intercourse with another individual without consent. Sexual intercourse includes vaginal or anal penetration, however slight, with any body part or object, or oral penetration involving mouth to genital contact.
**Sexual Assault II** - Non-Consensual Sexual Contact: Any intentional touching of the intimate parts of another person; causing another to touch one’s intimate parts; or disrobing or exposure of another without consent. Intimate parts may include genitalia, groin, breast or buttocks, or clothing covering them, or any other body part that is touched in a sexual manner. Sexual contact also includes attempted sexual intercourse.

**Sexual Violence** - Sexual Violence is a form of Sexual Harassment and refers to physical acts perpetrated without consent. Sexual Violence includes rape, Sexual Assault, sexual battery, and sexual coercion. Sexual Violence, in any form, is a criminal act.

**Sexual Exploitation** - Sexual Exploitation means taking non-consensual or abusive sexual advantage of another person for one’s own advantage or benefit or for the advantage or benefit of anyone other than the person being exploited.

**Examples of Sexual Exploitation:**
- Causing or attempting to cause the incapacitation of another person in order to gain a sexual advantage over such other person.
- Non-consensual electronic recording, photographing and/or transmitting of identifiable images, words or sounds of private sexual activity and/or intimate body parts without the consent of all parties involved.

**Sexual Intimidation** – Sexual Intimidation means threatening to sexually assault another person; gender or sex-based Stalking, including cyber-Stalking; or engaging in indecent exposure.

**Stalking** - Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or suffer substantial emotional distress.

**Dating Violence** - Dating Violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the complainant. The existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

**Domestic Violence** - Domestic Violence means violence committed by a current or former spouse or intimate partner of the complainant, by a person with whom the complainant shares a child in common, by a person who is cohabitating with or has cohabitated with the complainant as a spouse or intimate partner, by a person similarly situated to a spouse of the complainant, or by any other person against an adult or youth complainant protected from those acts by domestic or family violence laws of Maryland. **Examples of Domestic Violence Include, but are not limited to:**
- Pushing
- Choking
- Hitting
- Forcing intercourse
- Using restraint on one’s body, size or strength against another person
- Stalking
Additional Definitions

Consent is given by words or actions that show a knowing, voluntary and positive communicated agreement to engage in a particular sexual activity or behavior. Consent cannot be gained by force or by taking advantage of the incapacitation of another individual, where the accused knows or reasonably should have known of the incapacitation. Lack of protest or silence should not be interpreted as consent. One must be of legal age to give consent. Consent may be withdrawn at any time. Likewise, consent to one activity does not imply consent to another. If there is confusion as to whether there is consent for a particular activity or if consent has been withdrawn, participants in the sexual activity should stop immediately and resolve the confusion before continuing with sexual activity. Consent is absent of threats, physical force, coercion or intimidation. A person is unable to consent when she/he is unconscious or for any other reason is physically unable to communicate unwillingness to engage. Previous sexual activity or intimate relationship does not imply consent for future activity.

Force is the use of threats, intimidation, coercion or physical violence.

Coercion is unreasonable pressure for sexual activity. When someone makes clear that she/he does not want to engage in certain activity, she/he wants to stop, or she/he does not does not want to proceed in sexual activity beyond a certain point, continued pressure can be coercive.

Incapacitation. Incapacitation is physical and/or mental inability to make decisions or understand the “who, what, when, where, why or how” of their sexual interaction. The standard is whether a sober reasonable person in the situation would know, or should reasonably have known, that the other person was incapacitated and lacked capacity to consent. Incapacitation can result from:

- alcohol use, illegal drug use, medication use, unconsciousness or blackout state;
- mental or physical disability;
- sleep;
- involuntary physical restraint; or
- Drugs used to facilitate rape and/or other non-consensual sexual activity, such as Rohypnol, Ketamine, GHB, and Burundanga.

Title IX Investigations

Complaints of prohibited conduct under BSU’s Sexual Misconduct Policy will be investigated by the Title IX Coordinator. Upon notice of potential Sexual Misconduct, the Title IX Coordinator will determine whether there is sufficient basis for administrative investigation. Upon a determination that administrative investigation is necessary when an Impacted Person has not made a report for University action, the Title IX Coordinator will contact the Impacted Person to request consent for administrative investigation. If the Impacted Person does not consent to investigation or participation, the investigation may proceed, if appropriate. The Title IX Coordinator will balance the Impacted Person’s wishes with considerations for factors, such as:

1) the seriousness of the alleged misconduct,
2) Impacted Person’s age, and,
3) Whether there are any prior Sexual Misconduct complaints against the Respondent.

As such, the Title IX Coordinator will serve as a neutral fact-finder responsible for conducting the investigation into Title IX related concerns.

During the investigation process, both the Complainant and the Accused will have the equal right to participate in the administrative investigation. Witnesses will be interviewed, as appropriate, and document and/or material evidence will be collected and analyzed as necessary. At the conclusion of the investigation, the Title IX Coordinator will review all materials collected and prepare a written investigative report. The investigative report will contain evidentiary analysis and a determination of responsibility. The Title IX Coordinator does not issue sanctions.

If the investigative determination finds the Accused responsible, the matter will proceed to the Conduct Board for a hearing to decide appropriate sanction(s) (“Sanction Hearing”). If the Accused requests a hearing regarding the investigative determination of responsibility, the Conduct Board will conduct a Reconsideration of Determination Hearing, to include determination of sanction(s), when appropriate. Accordingly, the University seeks to address complaints of Sexual Misconduct promptly. Investigations and proceedings are normally completed within sixty (60) calendar days after the University has receipt of the complaint or notice. However, the Title IX Coordinator may extend this timeframe when necessary and for good cause. Parties will be notified in writing if the investigation and proceedings cannot be completed within the 60-day timeframe.

Interim Measures in Title IX Investigation. Prior to the completion of its administrative investigation, or, in lieu of investigation, if deemed appropriate, the Title IX Coordinator will provide written notification and recommend interim measures, accommodations, training or revisions to policies or practices to remedy the effects of Sexual Misconduct, to ensure the safety and education of the community, and/or prevent the recurrence of prohibited conduct. Interim measures, or accommodations, are available to stop the alleged sexual misconduct, prevent its recurrence and limit the effects of harm or risk to the complainant or the accused. Requests for interim measures can be made to the Title IX Coordinator. The Title IX Coordinator, Department of Campus Safety or designated official from the Division of Student Affairs may also recommend and/or enforce interim measures during the administrative investigation. Interim measures taken by the aforementioned individuals should be reported to the Title IX Coordinator immediately. Interim measures may include the following:

- Academic accommodation such as class schedule adjustments or incompletes
- No contact directive pending the outcome of the investigation
- Housing reassignment
- Alternative employment arrangements
- Leave or withdraw from campus
- Removal from the University community
- Review or revision of University policies or practices
- Transportation
**Retaliation:** It is a violation of Bowie State’s Policy to retaliate against any individual making a Sexual Misconduct complaint and/or participating in the investigation of an allegation of Sexual Misconduct. Retaliation means intimidating, threatening, coercing or discriminating against any individual for the purpose of interfering with any right or privilege secured by law or University policy relating to Sexual Misconduct, or because an individual has made a report, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing related to Sexual Misconduct. Retaliation includes retaliatory harassment. The University will take reasonable steps to prevent and address retaliation. Any person committing retaliation is subject to disciplinary action independent of any sanction or interim measure imposed as a result of the underlying sexual misconduct allegation. Retaliation should be promptly reported to the Title IX Coordinator.

**Sanctions:** Upon the conclusion of a Title IX related investigation, a Determination Outcome Letter will be provided to both parties. The final Determination may substantiate the allegations and lead to the initiation of disciplinary procedures as against the accused party/respondent. The University sanctions may include mandatory counseling, suspension or expulsion. However, it should be noted that the student disciplinary sanction process is only an option while the respondent student remains a University student. Student discipline is not an option after the respondent student graduates.

**Appeals:** If a student Complainant or a student Respondent is dissatisfied with the determination as set forth in the Outcome Letter or with sanctions imposed by the Student Conduct Board, she or he may file a request for appeal to the Vice President for Student Affairs. Requests for appeals must be made within three (3) days of the Conduct Board’s written determination on sanctions; and within 10 (ten) days of receipt of the Outcome Letter. An appeal is not automatically granted. An appeal is granted when there is a procedural or substantive error that significantly impacted the outcome of the sanction hearing, or to consider new evidence that could not have been discovered at the time of the original investigation and substantially impacts the determination or sanction, or a reasonable claim that the sanction imposed is disproportionate to the gravity of the sexual misconduct violation. Within ten (10) days of receipt of a written appeal, the Vice President for Student Affairs or his/her designee shall make a final determination in writing. The written determination may uphold the original sanctions, modify the sanctions, or vacate the sanction decision. Both parties will concurrently receive notification of the appeal determination as allowed or required by law.

**Amnesty for Alcohol/Drug Use Related to Sexual Misconduct:**

In accordance with this Policy, the Student Conduct Board is authorized to hear allegations of and to impose sanctions for Sexual Misconduct by students as well as related conduct in violation of the Code of Student Conduct. The University’s utmost concern is the health and safety of its community and it recognizes that complainants or witnesses under the influence of drugs/alcohol may be reluctant to seek assistance at the time of an incident due to threat of disciplinary sanction for violation of the Code of Student Conduct. Complainants may be entitled to amnesty for alcohol or drug use related to Sexual Misconduct. The University will not pursue student conduct action (except for a mandatory intervention for substance abuse) for a violation of Student Substance Abuse Policy by a student who reports Sexual Misconduct to the University or law enforcement or participates as a witness in a Sexual Misconduct matter if the University determines that (1) the violation occurred during or near the time of the alleged Sexual Misconduct; (2) the student made
the report of Sexual Misconduct, or is participating in an investigation as a witness in good faith; and
(3) the violation was not an act that was reasonably likely to place the health or safety of another
individual at risk.

**Criminal Reporting of Sexual Misconduct**

Persons are encouraged to report criminal concerns, including incidents of Sexual Misconduct
contained in VII. B. of Bowie State University’s Sexual Misconduct Policy, to the Department of
Public Safety or other applicable law enforcement. Impacted Persons are encouraged to immediately
notify the Department of Public Safety or other applicable law enforcement to receive guidance in
the preservation of evidence needed for proof of criminal assaults and the apprehension and
prosecution of assailants. The Title IX Coordinator, at a minimum, will inform students of the
option to notify law enforcement.

A criminal investigation is independent of the University’s administrative process and does not
prevent an individual from proceeding with an administrative complaint of Sexual Misconduct, as
provided in this Policy.

**Child Abuse & Neglect**

Pursuant to Bowie State University’s Sexual Misconduct Policy VI-1.40, Maryland law and
University System of Maryland Policy VI-1.50 – Policy on the Reporting of Suspected Child Abuse
and Neglect require that any person who suspects that a minor child (under the age of 18) is the
victim of abuse or neglect must contact a local law enforcement agency or social services agency and
the University’s General Counsel. Reports must be made within 48 hours of disclosure/discovery.
Direct questions to: GeneralCounsel@bowiestate.edu.

**Protective Measures and Confidentiality**

All persons who investigate sexual assaults or who assist victims of sexual assault shall maintain the
strictest confidentiality in all matters pertaining to the victim and the investigation. Failure to
exercise good faith in maintaining confidentiality may result in disciplinary actions and other serious
sanctions.

**Student Substance Abuse Policy and Prevention Program**

**Alcohol Policy**

Bowie State University does not encourage or support alcohol use on campus. Unauthorized
possession, use, or distribution of alcoholic beverages is prohibited by any student or student group
on campus or at University-sponsored events on and off campus. Authorization must be obtained
by the Vice President of Student Affairs. Under no circumstances is alcohol permitted in any
residential facility owned and operated by the University. According to Maryland law (HB 1395),
anyone who willfully furnishes an alcoholic beverage to any individual under the age of 21 years can
be charged a fine not exceeding $1000 or 60 days imprisonment or both.

**Drug Policy**
Further, the University does not condone or permit the possession, use, distribution, or sale of any controlled dangerous substance on the campus, the areas surrounding the campus, or at University-sponsored events on and off the campus. Students found responsible of violating the policy (as set forth below), will be subject to disciplinary action which could include suspension from the University.

It is the expectation of Bowie State University that students, faculty, and staff who observe or suspect that a violation of the substance abuse policy is being committed jurisdictions will report it to the appropriate authorities. While the major thrust of Bowie State University is drug education and prevention, the University will take appropriate disciplinary actions to provide a drug free environment in which our students may grow intellectually and socially.

**Substance Abuse Sanctions**

Students found responsible of alcohol related offenses are subject to campus disciplinary action.

- First offense: Disciplinary Probation, $100 fine, and referral to mandatory alcohol education.
- Second offense: One semester suspension.

Students found responsible of drug-related offenses are subject to campus disciplinary action that provides for sanctions of varying severity:

- A minimum fee of $100;
- Loss of campus housing, suspension and expulsion.
- The campus police will be notified;
- The parent(s)/legal guardian(s) of students under the age of 21 will be notified.
- Severe violations of the substance abuse policy, such as possession with intent to distribute, purchasing for a minor, destruction of property, or assault and battery while under the influence of substance use may subject the student to immediate suspension and/or arrest.

**PREVENTION AND TREATMENT PROGRAMS**

Alcohol and other drug abuse are major college student health concerns. Bowie State University’s substance abuse program attempts to reduce the harm that is frequently associated with alcohol and drug abuse. Our program described below emphasizes preventive education and early intervention.

The program avoids purposeful attempts to instill fear of alcohol and drugs. Instead, the intent is to create a non-threatening environment for students. In such a setting, the encouragement of meaningful discussions and prompt reflection and increased understanding of alcohol and drug related values, beliefs, and behavior takes place.

The following substance abuse programs are provided by Bowie State University’s substance abuse education/prevention program. Any student experiencing substance abuse problems is encouraged, voluntarily, on a confidential basis, to report the problem to the Alcohol, Tobacco and Other Drug Prevention Center (ATOD) as well as the Henry Wise Wellness Center and the Office of Counseling Services where professional assistance will be provided.
**PREVENTION AND EDUCATIONAL PROGRAMS**

POLICY ON PARENT/LEGAL GUARDIAN NOTIFICATION OF ALCOHOL AND CONTROLLED SUBSTANCE VIOLATIONS

The Higher Education Act Amendments of 1998 included provisions amending the Family Educational Rights and Privacy Act of 1974 (“FERPA”). Specifically, FERPA now authorizes higher education institutions to disclose to a student’s parent or legal guardian information regarding “any violation of Federal, State, or local law, or any rule or policy of the institution governing the use or possession of alcohol or a controlled substance, regardless of whether the information is contained in the student’s educational records.”

Effective September 1, 2000, Bowie State University, in accordance with Federal law, implemented the following criteria for parent/legal guardian notification:

Part I

Such disclosures are authorized only if:

1. The student is under the age of 21; and
2. The institution has determined that the student has committed a disciplinary violation with respect to the use or possession of alcohol or a controlled substance.

Part II

In addition to Part I, at least one of the criteria below must be met:

1. The student has been found responsible for committing a violation of Bowie State University’s Substance Abuse Policy.
2. The incident involved significant property damage.
3. Medical attention to any person, including the student, was required as a result of the alcohol or drug-related behavior.
4. The student operated a motor vehicle while intoxicated or while under the influence of a controlled substance.
5. The student exhibited reckless disregard for personal safety and/or the safety of others.
6. Evidence indicates that the student’s alcohol or drug-related behavior interfered with the academic process of him/herself or others.

If a student receives information as an enclosure with a letter informing them of a violation outcome of a judicial hearing, parent(s)/legal guardian(s) will also be sent a letter informing them as well that the student has been found responsible for a violation of the Student Code of Conduct involving alcohol and/or other drugs.

EDUCATION COORDINATOR

The Program Coordinator in relation to sexual assault located in the MLK Building, (301) 860-4405, is the University coordinator for educational programs promoting awareness of sexual assault, including but not limited to rape, acquaintance rape and other sexual offenses defined in this policy. (S) he can be contacted for information about programs that promote awareness of what constitutes
sexual assault, how to prevent it and what the University’s procedures are for handling reports of alleged sexual assaults. Upon request and as needed, (s) he can also be contacted to provide specialized training to those who might be involved in providing services to or interacting with alleged victims.

The Program Coordinator in relation to sexual assault also ensures that copies of the BSU Policy, USM policy and the University’s procedures concerning sexual assault are distributed to all students, faculty members and employees, are posted in appropriate locations throughout the campus and are published in appropriate University publications. Human Resources ensures that copies of the BSU Policy, USM Policy and the University’s procedures on Sexual Harassment are distributed to all new employees.

Counseling Services are available at the Martin Luther King building on the third floor. Counseling is provided for personal, social, career, and academic issues. The telephone number is (301) 860-4164.

To educate Bowie State University campus community, the Henry Wise Wellness Center, Counseling Services and Residence Life will sponsor seminars and workshops emphasizing safety and awareness of sexual assault.

EDUCATION AND PREVENTION PROGRAMS

The University engages in comprehensive, intentional, and integrated programming, initiative, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and, considers environmental risk and protective factors as they occur on the individual, relationship, institution, community and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and ongoing awareness and prevention campaigns for students that identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct; defines using definition provided both by the Department of Education as well as state laws what behavior constitutes domestic violence, dating violence, sexual assault, and stalking; and defines what behavior and actions constitute consent to sexual activity in the State of Maryland and/or using the definition of consent found in the Student Code of Conduct if state law does not define consent; provides a description of safe and positive options for bystander intervention.

Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence or sexual assault or stalking.

Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options and taking action to intervene.

Information on risk reduction
Risk reduction means options designed to decrease perpetration and bystander inaction and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence. The University has developed an annual education campaign consisting of presentations that include distribution of educational materials to new students; participating in and presenting information and materials during new employee orientation.

Bowie State University (BSU) is committed to its educational programs and sexual assault prevention campaigns that increase awareness, promotes respectful discussion and prevention of sexual misconduct of any kind, including, but not limited to, dating violence, domestic violence, sexual assault, stalking, and sexual harassment. As such, in 2014 both the Henry Wellness Center and the Office of Equity Compliance (EEO/Title IX) conducted Sexual Misconduct Prevention Training for students, faculty and staff alike. In addition, the BSU Wellness Center’s Partners in Peace program sponsors workshops in an effort to raise awareness about sexual violence and create a campus environment conducive to learning and working. During these workshops, participants learn more about sexual violence prevention strategies. Most importantly, during the workshops and training initiatives students and the campus community as a whole, learn about what to do if they or someone they know has been a victim of sexual assault, domestic violence, dating violence and/or stalking. Additional Wellness workshops on the following themes are available in partnership with the Equity Compliance Office, Office of Residence Life, Office of Student Life and Academic Advisement: sexual violence, sexual assault, dating violence, stalking and bystander intervention.

In addition, the Wellness Center via --Partners in Peace facilitated peer education to bring forth campus awareness to the societal problem of sexual assault using the STEP Up: Bystander Intervention Program in an effort to help prevent future violent acts. The Partners in Peace program mission aims to raise awareness about and effectively respond to sexual assault, domestic violence, dating violence and stalking. One of the program goals is to provide educational programming and workshops that increase awareness about sexual assault and sexual violence among Bowie State University students, faculty and staff. Partners in Peace and Equity Compliance sponsor ongoing trainings and diverse workshops throughout the year in an effort to raise awareness about sexual assaults, dating violence, stalking, domestic violence and bystander intervention to create a campus environment conducive to learning and working free of harassment and discrimination. During these trainings and workshops, participants learn more about sexual violence prevention strategies. Most importantly, during the workshops and training initiatives students and the campus community as a whole, learn about what to do if they or someone they know has been a victim of sexual assault, domestic violence, dating violence and/or stalking.

Bowie State University also requires mandatory primary sexual misconduct prevention and awareness program for all incoming students and new employees. As an example, in the fall of 2014, the Director of the Wellness Center & Office of Equity Compliance/Title IX Coordinator provided several mandatory program training sessions entitled Freshmen Seminars. Step Up: Bystander Intervention was conducted during Freshman Seminar during the months of September and October 2016. In addition, on campus educational initiatives have included the disbursement of information on definitions, video presentation, overview of the BSU sexual misconduct policy, Title
IX investigation requirements, guidelines for reporting a sexual assault, overview of student conduct sanctions, and review of appeal procedures. Equity Compliance and Partners in Peace have conducted in-person Title IX and Bystander trainings for various departments, including but not limited to the Athletic Department and student athletes, Campus Police, Student Affairs, Student Government and Residential Life. Further training initiatives include, the video presentation of Hunting Ground and NO! The Rape Documentary, Campus Conversations, Take Back the Night and The Clothesline Project. Campus Conversations is a workshop used to engage men and covered topics such as masculinity, gender roles and sexual violence. BSU’s Human Resources Department provides training for all new employees on the University policies against sexual harassment and commitment to ensure a campus community free of discrimination and free of sexual misconduct.

**Bystander Program**

BSU’s primary message to bystanders is that if you witness behaviors that concern you, communicate your concerns to someone of authority. In the circumstance in which the conduct is not welcomed, not mutual, not respectful, and not reciprocal, use the direct approach by telling them to STOP the behavior.

**Sexual Assault is Illegal.**

The Federal Bureau of Investigation (FBI) Uniform Crime Reporting system has defined Sexual Assault as an offense which can be classified as a forcible or a non-forcible sex offense that meets the definition of rape, fondling, incest or statutory rape. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

Bowie State University will not tolerate illegal activity of any kind. Persons found in violation of the University’s Sexual Misconduct Policy will be subject to disciplinary action and may be subject to arrest.

**Rape** is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by sex organ of another person, without the consent of the victim.

**Fondling** is defined as touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

**Incest** is defined as non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

**Statutory Rape** is defined as non-forcible sexual intercourse with a person who is under the statutory age of consent.

**Consent** means a knowing, voluntary and affirmatively communicated willingness to participate in a particular sexual activity or behavior. It must be given by a person with the ability and capacity to exercise free will and make a rational, reasonable judgment. Consent may be expressed either by words or actions, as long as those words or actions create a mutually understandable permission regarding the conditions of sexual activity. It is the responsibility of the person who wants to engage in a sexual activity to ensure that he/she has the consent of the other to engage in the activity.
• Lack of protest or resistance is not consent. Nor may silence, in and of itself, be interpreted as consent. For that reason, relying solely on non-verbal communication can lead to misunderstanding.
• Previous relationships, including past sexual relationships, do not imply consent to future sexual acts.
• Consent to one form of sexual activity cannot automatically imply consent to other forms of sexual activity.
• To give consent, one must be of legal age.
• Consent must be present throughout sexual activity and may be withdrawn at any time. If there is confusion as to whether there is consent or whether prior consent has been withdrawn, it is essential that the participants stop the activity until the confusion is resolved. Consent cannot be obtained by use of physical force, threats, intimidating behavior or coercion.
• Coercion is unreasonable pressure for sexual activity.
• Coercive behavior differs from seductive behavior based on the type of pressure used.
• When someone makes clear that he/she does not want sex that he/she wants to stop, that he/she does not want to do certain things or that he/she does not want to go beyond a certain point, continued pressure can be coercive.

• If you have sexual activity with someone you know, or should know, is incapacitated, and is unable to give consent, such misconduct is in violation of this policy. The relevant standard is whether a sober, reasonable person in the same position should have known that the other party was incapacitated and therefore unable to consent. Incapacitation is defined as the physical and/or mental inability to make decisions or understand the “who, what, when, where, why or how” of their sexual interaction. The standard is whether a sober reasonable person in the situation would know, or should reasonably have known, that the other person was incapacitated and lacked capacity to consent.

Incapacitation can result from: alcohol use, illegal drug use, medication use, unconsciousness or blackout state; mental or physical disability; sleep; involuntary physical restraint the influence of alcohol, drugs or medication, including Rohypnol, Ketamine, GHB, Burundanga, and other substances used to facilitate “date-rape”.

STATE DEFINITION FOR SEX OFFENSES

First and Second Degree Sexual Offenses involves the commission of a Sexual Act, defined as Cunnilingus, Fellatio, Anilingus, or anal intercourse (not vaginal intercourse; see Rape above). Sexual Contact, as used in Third Degree Sexual Offense, is the intentional touching of the victim’s, of defendant’s anal or genital areas or other intimate parts for the purpose of sexual arousal or gratification. Sexual Contact includes the penetration of vagina or anus with anything other than a penis, mouth, or tongue. For further clarification, refer to CR 3-301, or consult the Maryland State’s Attorney’s Office.
**Domestic Violence:** The term “domestic violence” means 1) Felony or misdemeanor crimes of violence committed –
- By current or former spouse or intimate partner of the victim;
- By a person with whom the victim shares a child in common;
- By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
- By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Dating Violence:** The term “dating violence” means violence committed by a person -
- Who is or has been in a social relationship of a romantic or intimate nature with the victim and;
- The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

For the purposes of this definition –
- Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse;
- Dating violence does not include acts covered under the definition of domestic violence.

Maryland law does not distinguish between dating violence and general violent crimes (such as assault). For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Stalking:** The term “stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person’s safety or the safety of others; or suffer substantial emotional distress: (1) of serious bodily injury; (2) of an assault in any degree (3) of rape or sexual offense as defined by Sections 3-303 through 3-308 of the Criminal law Article of the Maryland Code or attempted rape or sexual offense in any degree; (4) of false imprisonment; (5) of death; or (6) that a third person likely will suffer any of the acts listed.

For the purposes of this definition –
- **Course of conduct** means two or more acts, including, but not limited to, acts which the stalking directly, indirectly, or through third parties, by any action, method, devise, or means follows, monitors, observes, surveys, threatens, or communicates to or about, a person, or interferes with a person’s property.
- **Substantial emotional distress** means significant mental suffering or anguish that may, but does not necessarily require medical or other profession treatment or counseling.
- **Reasonable persons** mean a reasonable person under similar circumstances and with similar identities to the victim.
For the purposes of complying with the requirement of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Procedures for Reporting Violence Against Women Act (VAWA) Complaints**

**The health and safety of each of the members of the campus community is the University’s principle concern.** Bowie State University (BSU) has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other service on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic transportation and working accommodations, if reasonable available. BSU will make such accommodation, if the victim requests them and if they are reasonable, available, regardless of whether the victim chooses to report the crime to the Campus Police or local law enforcement.

If you or someone you know is sexually assaulted, there are several resources immediately available to assist, 24 hours/7 days a week. The University strongly urges that you seek immediate assistance from:

- Campus Police (301-860-4688/24 hours)
- Local Law Enforcement (911/24 hours)
- Title IX Coordinator (301-860-3442 8am to 6pm M-F)

**Victims of Sexual Assault Should Seek Immediate Steps for Self-care and Safety** – Immediately after an assault you may be in a state of shock. Usually, your first reaction will be to take a bath or shower. Please don't. Instead, wrap yourself in something warm such as a blanket or coat. Call someone to help you immediately. We recommend that you call the Bowie State
University Department of Public Safety, (2-HOTT) or (301) 860-4040, the Henry Wise Wellness Center, (301) 860-4170 and/or the Office of Counseling Services located in the Martin Luther King Jr. Building, third floor, (301) 860-4164 for an initial contact. Victims react to this state of shock in different ways: some are upset, angry or calm. Whatever your reaction, you may be able to make better decisions by talking to someone you trust or someone trained, instead of responding to your initial feelings immediately after the crime. Staying warm, instead of cleaning up right away, will help you accomplish two important things: (1) you will be helping your body to recover from the shock due to the assault; and (2) you will not have disturbed or destroyed any evidence needed if you decide to prosecute.

Seek medical assistance - It is very important that you see a doctor as soon as possible after a sexual assault. A medical examination serves two (2) purposes: it ensures that you receive whatever medical aid such as screening for sexually transmitted infections or pregnancy prevention that you may need and any available evidence is collected. The University's initial contact person(s) located in either the Bowie State University Department of Public Safety, (2-HOTT) or (301) 860-4040, the Henry Wise Wellness Center, (301) 860-4170 or the Office of Counseling Services located in the Martin Luther King Jr. Building, third floor, (301) 860-4164 will assist a victim in obtaining medical attention if the victim chooses, including providing transportation to the hospital or other emergency medical facility. A medical examination is always recommended even if you decide not to officially report the crime. It's a good idea to have evidence collected initially in case you decide to take legal action at a later date.

IT IS EXTREMELY IMPORTANT THAT YOU:

HATE CRIME REPORTING:

Hate Crimes are crimes that manifest evidence that the victim was intentionally selected because of the victim's actual or perceived Race (RA), Religion (RE), Sexual Orientation (SO), Gender (G), Ethnicity (E), National Origin (NO) or Disability (D).

THERE WERE NO HATE CRIMES REPORTED IN 2016.

JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY POLICY AND CAMPUS CRIME STATISTICS ACT

As mandated by the Clery Act, the University publishes an annual crime statistics report which is set forth in this publication. In addition to offenses reported to the Bowie State University Department of Public Safety, the crime statistics also include offenses reported to other University offices and officials, including the Judicial Hearing Office, Residence Life, Division of Student Affairs and local police agencies. Notification was given to all jurisdictions; however, replies were not received from some jurisdictions. Upon receipt of further statistics, the necessary changes will be made.

* THE UNIVERSITY OF MARYLAND, BOWIE STATE UNIVERSITY CAMPUS AT THE UNIVERSITIES AT SHADY GROVE

The Universities at Shady Grove (USG) is a regional center located in Rockville, Maryland, that supports programs from nine different institutions within the University System of Maryland. Students attend classes at USG but are still considered students of their “home campus.” In addition, employees at USG can be affiliated with any of the nine institutions.

Please access the link:

for the USG Annual Security Report that is compiled and distributed annually in compliance with the Clery Act. This publication contains crime statistics and statements of security policy. Annually, prior to October 1st, current students and employees are sent an email message providing them with a link to this brochure and notification that the current edition of the Safety & Security publication has been posted on the Universities at Shady Grove website. Printed copies may be obtained from the 24 hour security desk located in the Camille Kendall Academic Center on the Shady Grove campus.

Crime statistics for USG are reported, in their entirety, by each of the nine institutions that conduct classes at USG.

**Footnotes:**

1. The Universities at Shady Grove (USG) is a Regional Center for the University System of Maryland (USM). Degree programs from 9 of the 12 USM institutions are offered at USG. Students from each of these 9 institutions attend classes at USG and in some cases may attend classes on both campuses.

2. Statistics listed in the "Public Property" category include those that took place off campus, on public property immediately adjacent to and accessible from the campus, but not on USG-owned property.

3. Hate Crimes are crimes that manifest evidence that the victim was intentionally selected because of the victim’s actual or perceived Race (RA), Religion (RE), Sexual Orientation (SO), Gender (G), Ethnicity (E), or Disability (D). Any numbers in small-print parentheses would indicate how many of the total number or reported incidents were motivated by each type of bias.

4. The Montgomery County Police Department does not classify crimes into this category. Statistics in this category will only be those reported or known by Campus Reporting Authorities or where enough information is known, allowing classification.

5. Individuals not arrested, but referred for possible campus disciplinary action (e.g. first offenders required to attend educational programs.)
ANNUAL FIRE SAFETY REPORT FOR STUDENTS LIVING ON CAMPUS

If a fire occurs in a BSU residence hall, resident students in that facility should immediately notify BSU Dept. of Public Safety (BSUDPS) at 301-860-HOTT (4688) or 301-860-4040. The BSUDPS will initiate a response through its Communications Center and will summon the fire department, if needed. If a member of the BSU housing community finds evidence of a fire that has been extinguished and the person is not sure whether BSUDPS has already responded, the resident student should immediately notify BSUDPS to investigate and document the incident.

The fire alarms alert the housing community members of potential hazards, and resident students are required to heed the warning and evacuate the buildings immediately upon hearing a fire alarm in a facility. Use the nearest stairwell and/or exit to leave the building immediately. Community members should familiarize themselves with the exits in each building. The Fire Marshall can levy fines and penalties to individuals who fail to evacuate a building promptly – but a more important reason for evacuating is for safety reasons!

When a fire alarm is activated, the elevators in most buildings will stop automatically. Occupants should use the stairs to evacuate the building. If you are caught in the elevator, push the emergency phone button. The emergency phones in elevators on campus typically ring to the BSUDPS Dispatcher or to a security desk. After a false alarm in a residential facility, an email message is distributed to building residents, typically the next business day, informing them of the cause of the activation and the reason for the evacuation. The purpose of providing follow-up information is to use those instances as a teaching moment to point out the reason for the alarm activation, the evacuation routes, and instructions and guidelines for evacuations. BSUDPS publishes this Fire Safety Report as part of its annual Clery Act Compliance document, via this brochure, which contains information with respect to the fire safety practices and standards for BSU. This report includes statistics concerning the number of fires, the cause of each fire, the number of injuries and deaths related to a fire, and the value of the property damage caused by a fire (see charts on page 26 for more information). The compliance document is available for review 24 hours a day on the BSUDPS web site at:

http://www.bowiestate.edu/CampusLife/police/clery

Fire Protection Equipment/Systems
A majority of University buildings are equipped with automatic fire detection and alarm systems which are constantly monitored by staff at the BSUDPS. Refer to page 27 to review the Fire Safety Amenities in BSU Residential Facilities Chart for information about fire detection, notification, and suppression systems in each residential facility.
Health and Safety Inspections

The Residence Life Office performs Residence Hall Inspections monthly during the fall and spring semesters. Inspections are conducted monthly. Residents are notified of those inspections. All other inspections are unannounced. The inspections are primarily designed to find and eliminate safety violations. Residents are required to read and comply with the Resident Handbook, which include inspections and all other rules and regulations for residence halls. The inspections include, but are not limited to, a visual examination of electrical cords, sprinkler heads, smoke detectors, fire extinguishers and other life safety systems.

In addition, each room will be examined for the presence of prohibited items (e.g., sources of open flames, such as candles; non-surge protected extension cords; halogen lamps; portable cooking appliances in non-kitchen areas; etc.) or prohibited activity (e.g., smoking in the room; tampering with life safety equipment; possession of pets; etc.). This inspection will also include a general assessment of food and waste storage and cleanliness of the room. Prohibited items will be immediately disabled with a locking device or confiscated and donated/discarded if found, without reimbursement.

Fire Safety Tips

Buildings are equipped with a variety of features that are designed to detect, stop and/or suppress the spread of a fire.

- A door can be the first line of defense against the spread of smoke or fire from one area to another. Some doors, such as fire doors in corridors or stairwells of residence halls, are designed to stand up to fire longer than those of an individual room. It is important that these doors are CLOSED for them to work. Additionally, if a door has a device that automatically closes the door, it should NOT be propped open.
- Sprinklers are 98% effective in preventing the spread of fire when operating properly. DO NOT obstruct the sprinkler heads with materials like clothing hanging from the piping.
- Smoke detectors cannot do their job if they are disabled or covered by the occupant, which is a violation of University Policy.
- Almost three-quarters of all fires that are caused by smoking material are the result of a cigarette being abandoned or disposed of carelessly. Smoking is NOT PERMITTED in any BSU building.

A daily fire log is available for review 24 hours a day at the office of the BSUDPS. The information in the fire log typically includes information about fires that occur in the residence halls, including the nature, date, time, and general location.
