Understanding Our Customers

We Need to Understand:

• Our customers’ demographics

• Our customers’ perceptions and expectations

• The services and products we have to offer

• Whether we have the capacity to meet our customers’ expectations.
  • If not, what do we need to do to get there?
Case Study: Chick-fil-A

• Known for it’s “Second Mile” approach to customer service
  • Delivering food to tables with a smile
  • Putting fresh flowers on the table
  • Meeting customers in parking lots with umbrellas when it’s raining
  • Always answering with “My Pleasure when a customer says thank
Communication in Customer Service
Methods of Communication

- Listening
- Speaking
- Writing
- Reading
- Non-verbal
Listening

**A Good Listener:**
- Conveys sincerity
- Focuses on the customer and what they are saying
- Does not interrupt
- Listens with their eyes and their mind

**Bad Listener:**
- Formulating what they want to say while the customer is talking
- Thinking about other things while the customer is talking
- Jumping to conclusions
Speaking- Vocal Quality

Be Mindful Of:

• Tone/Pitch
• Inflection
• Rate
• Volume
The Power of Words

**Say.....**

• How can I help you?
• Consider this
• I will find out
• I’ll be happy to

**Avoid....**

• What do you want?
• This is how it is
• There is nothing I can do
• That’s not my job
Effective Communication

• Open-ended questions
• Closed-ended questions
Open-Ended Questions

• Use if you need more than a “yes”, “no”, or one-word response
• Useful when you want general information
• Usually starts with the words what, how, or why
Closed-Ended Questions

• Use if you need a “yes”, “no”, or one-word response

• Useful when you need specific information, to limit talking, or to control the direction of the conversation

• Usually starts with the words who, when, did, which, would, are, can, have, do, is, will, or may
Non-Verbal Body Language

Be Mindful Of:

• Posture
• Feet and arms
• Hands
• Head and eyes
Telephone Customer Service

• Answer with professional greeting
• Give answers and assistance as efficiently as possible
• Thank the caller
• Conclude the call in a positive way
Telephone Etiquette

• Familiarize yourself with the features of your phone
• Answer in as few rings as possible
• Avoid side conversations
• Reduce background noise
• Never eat or drink while on the telephone
• Ask permission before placing someone on hold
• Thank customer once he/she is off hold
How to Use Voicemail Effectively

• Identify yourself
• Speak slowly, clearly, and directly
• Keep it short
• Identify the type of response needed
Email Customer Service

• Proofread before sending
• Respond/answer promptly
• Avoid slang and acronyms
• Be careful with sensitive information
• Be clear and concise

Understand that email can be permanent and sent to anyone!

Customer Service Challenges
Barriers to Providing Good Customer Service

• Poor communication skills
• Staff not empowered to make decisions
• Lack of adequate training
• Policies that don’t make sense
• Poor leadership
• Unmotivated staff
Why Are Customers Challenging?

- They may not have an understanding or expertise of the situation
- They may not speak our “language”
- They may have difficulty in making decisions
- They may be impatient, hostile, non-communicative, immature, etc.
How to Work with Challenging Customers

• Listen and don’t interrupt
• Ask questions
• Show empathy
• Solve the problem
• Follow up
• End on a positive note
How to Handle a Very Difficult Customer

• Listen to their concerns
• Speak clearly and calmly
• Set limits
  • Be clear that abusive or offensive language/behavior will not be tolerated
• Consider involving a supervisor for assistance or a new perspective
• During phone calls, ask for a call back number and call back later
  • This will allow the customer time to cool off
How to Handle a Very Difficult Customer

• During face to face interactions, direct them out of the lobby area to a place with less customers
• Reassure customer that you will follow up
• Don’t make promises that you cannot keep
• Document the incident
• Understand what campus resources are available for further assistance
How to Communicate Bad News

• Acknowledge the customer’s feelings
• Share the responsibility of the problem
• Convey sincerity
• Ask for the opportunity to correct the problem
• Request the opportunity to continue to serve them again in the future
What Happens When You Are Wrong?

• Admit your mistake
• Apologize for the error
• Find a solution
• Document the error
• Find ways to lessen the likelihood of repeated future error
Improving Customer Satisfaction
Evaluating Customer Service Staff

• Shadowing face to face contacts between staff and customer
• Secret “shopper”
• Phone monitoring
• Evaluating email responses
• Conducting a knowledge assessment
Case Study: The Ritz Carlton Hotel

How Does the Ritz Carlton measure customer satisfaction?

• Monthly computer-generated surveys are sent to recent guests
• Includes 30 questions with a rating scale from 1-10
• “Guest Engagement Number” is the final sum total of questions
• Goal is for number to continuously go up
Improving Customer Service Staff

• Coaching, counseling, and mentoring
• Leading by example
Assessing Customer Satisfaction Levels

Evaluating Your Customers Through:

• Surveys
• Interviews
• Focus groups
• Comment cards
• Suggestion boxes
Benchmarking

• Used as a self-improvement tool
• Comparing your organization to others
• Identify strengths and weaknesses and learn how to improve
• Great way of finding and adopting best practices
